SNI QUICK-CHANGE LOAD CHUTE / UNLOAD CHUTE ASSEMBLIES

• Allows change-over in minutes, rather than hours.

• Eliminates adjustments and fine-tuning on the machine.

• One time attachment of mounting adaptor plate.

• Each load chute marked with the appropriate customer work-piece part number(s).

• Necessary attaching cap screws remain captive to each assembly.

• Lightweight.

• Wear resistant., and coolant resistant.

• Adapts to SNI SN-series (shoe centerless) machines, and to any Heald CF90/91 swivel plate.
