### 2,285
low-income individuals served earning an average household income of $43,811
“Hello my name is Esther, a mother of 2 children, a 13-year-old girl and 9-year-old boy. I feel blessed to be a part of my community with OCCHC and be able to participate in all the helpful programs provided by SteppingUP. I was referred to OCCHC by Thomas House and have since been living in the community. I am grateful for all the help and support we have received. As a single mother that has been a blessing. Thank you!”

MEET Jennifer...
Jennifer came to OCCHC with her family after living in overcrowded conditions and in 2019 stepped up to CSULB majoring in Communications. Her mother recalls, "We shared apartments with other families; people we didn’t know or trust. We now have one place we are comfortable in; to grow and feel safe in."

Jennifer is the first generation in her family to attend college and shares, “SteppingUP has taught me not to be afraid of asking questions and to commit to college. They provided trips and summer workshops like the Leadership Academy. I noticed a huge change in myself when in communication. I am more outgoing because of SteppingUP.” Congratulations Jennifer!

HOMEOWNERSHIP

The Brito family purchased a 4 bedroom home in Anaheim.

"We wanted to thank everyone who made this possible at Orange County Community Housing and all the sponsors. We couldn’t have done it without you."

While living at OCCHC, Dolores repaired her credit, graduated from CSUF and became a homeowner.

“Growing up, I was not educated on the rules and guidelines of credit. After my divorce, I was left with two young children to support, which left me in a financial crisis. I didn’t fully understand how to read, dispute and take care of my credit until OCCHC/SteppingUP. I am extremely grateful for the home that OCCHC provided for me and my children.”

“I am so grateful for the support that OCCHC has given me. Never in a million years would I have imagined accomplishing this dream of homeownership. I am a proud single mother on sole income, and today I am a homeowner.”
