Ascendant

The Ascendant describes your personality and image, the face you show the world, and the nature of your personal and wider environment.

Ascendant in Sagittarius

Your primary motivation in life is to attain power and recognition. You have a strong need for a restriction-free environment, with room for movement and self-expression. You love nature, the great outdoors and adventurous situations. You have an open, friendly and frank personality, but can occasionally be opinionated, moralistic and tactless. A true seeker of wisdom and knowledge, you range far and wide geographically and intellectually. Higher education and international travel appeal to you. Most likely you will pursue both of these.

Ascendant Conjunct Sun (5°38' S)

You project an aura of confidence and self-assurance that announces to the world "I know who I am and what I'm worth". You have a strong desire to become important or to gain the esteem of others. You have a knack for attracting the attention of important and even well-known or famous people. Other people respond to the sheer warmth, vibrancy and power of your personality; they see you as someone who is going somewhere or is worth knowing. Consequently, you also tend to attract as many hangers on as admirers. You may tend to overwhelm other people with the power of your personality and display pride or egotism.

Ascendant Quincunx Moon (2°12' S)

Readily adaptable, you will bend over backwards to accommodate others and cater to their needs. You have natural warmth, coupled with an ability to make others feel at ease in your company. Women play an important role in your life and you will have many contacts with them. Alternatively, you can be overly sensitive and touchy, and changeable and inconsistent towards others. Difficulties can arise with others through moody and reactive behavior. You experience periods of feeling susceptible and vulnerable to external influences. Your relationship with your mother may be testing at times.

Ascendant Conjunct Venus (4°38' S)

You have a pleasant and friendly personality that other people find attractive and alluring. You possess physical appeal, a charming nature, sophistication and a good fashion sense; all of which favor you socially. You may have artistic talents; you will certainly have an appreciation of the arts and culture. You have good taste and an eye for style and design.

Ascendant Opposition Saturn (6°46' A)

You are quite a complex person; some days you come across as shy or inhibited and other days as authoritarian and controlling. You are very practical and take your responsibilities seriously. Possibly, you have held responsible positions throughout your life, perhaps even since

childhood; e.g. you may have had to look after younger siblings. You are quite self-contained and tend to keep your own counsel, consulting with others only when you need to. This can make you appear aloof or distant and give you a reputation for unilateral decision-making. Experience has made you circumspect in your dealings with others. You tend not to suffer fools gladly and have little time for silliness and trivialities. Sometimes you experience difficulties relating to others, or you just cannot be bothered with the demands of relationships. You may shun company and spend periods in seclusion. It is possible that you may experience periodical bouts of low vitality.

Ascendant Opposition Uranus (0°25' S)

You are an original personality and delight in your uniqueness and individuality. You insist on having the freedom to do as you wish, even if it unsettles others. You are a non-conformist and, in all likelihood, ahead of your time. To some people, you are an exciting person to be around; to others you are just too unconventional for them to understand. You need to take care not to come across as too eccentric or weird, because you may isolate yourself socially. You are intrinsically restless and will tend to have many changes of environment throughout the course of your life. You may be a technological whiz.

Ascendant Sextile Neptune (1°41' S)

You have an active imagination and are easily inspired and may show great talent in any of the creative fields - especially music, theater and writing. You instinctively tune into others and seem to understand their needs without them saying a word. At times, you give over an impression of floating on air or living in your own world.

Ascendant Trine Pluto (4°02' A)

You have the ability to lead others and to subtly get people to do as you wish, usually through gentle but firm persuasion. Other people are attracted to you because you have an irresistible magnetism. You will win friends and influence people because you respect power and know not to abuse it.

Ascendant Square Moon's North Node (3°03' S)

You are steadfast in adversity and take pride in coping with life's challenges. You have an all-or-nothing attitude to most things and will give something your total attention if warranted. At times, you can be prone to bouts of extremism, fanaticism and obsession.

As a rule, you prefer to work behind-the-scenes and can feel uncomfortable under the glare of the spotlight. You experience fluctuating levels of self-confidence and tend not to be overly ambitious. You need to guard against the potential enmity of powerful individuals.

You are motivated by a strong urge to expand in life and to broaden your personal horizons. You have the ability to successfully advance your material, social, intellectual or spiritual aspirations. In general, you are a fortunate person whose needs in life will be met without too much hardship.

Sun Opposition Uranus (5°13' A)

You are intensely strong willed and individualistic and will go to great lengths to achieve your personal goals and objectives. You are highly independent and freedom loving, and refuse to be bound by convention. Other people may feel challenged by your individualism and forced to question their own conformity when they see you in action. You are innovative and progressive, with a modern and contemporary outlook on life, but can also be extremely self-willed, disruptive and unpredictable. Provocative and contradictory, you can stir up people or create incidents just for the sake of it. Expect the unexpected in your life, including sudden changes, setbacks and accidents. You may be a genius ahead of your time, or an eccentric.

Sun Sextile Neptune (3°57' A)

You are highly sensitive and receptive. Your inner life is very active and mystical experiences are not unfamiliar to you. In fact you are inherently psychic and clairvoyant. You have the power of vision and inspiration, which may be expressed through the arts, healing or in some leadership capacity. Gifted with compassion and sympathy, you have an innate understanding of the needs of other people. You will probably travel far and wide in the course of your life, or at least have an empathy with the sea. Your father may be somewhat elusive or unknowable to you. Prone to seducing influences, you may be susceptible to intoxicants and stimulants.

You have an appreciation of the finer things in life and the capability to become socially sophisticated.

Moon Square Jupiter (5°51' S)

The difficult or challenging aspects (such as this one) between Jupiter and the Moon are not usually too demanding, due to the planets' mutual connection to the sign of Cancer by essential dignity. You have a kind heart, a helpful and an obliging nature, coupled with the desire to help others in need. Philosophical and religious questions occupy your mind; however you can experience personal conflicts over matters of outlook and spiritual beliefs. You are easily inspired and have a vivid imagination with the ability to tap into a wide range of creative talents, including music, poetry, painting and photography. Your dream-life is highly active and you possess a certain psychic sensitivity. At times, you need to be alert to deceptive influences or undermining emotional currents within the family or involving women.

Moon Square Pluto (6°14' A)

The dynamics of your personal relationships are intricate and often strained, especially with your family or significant females. There are power struggles in the home or with dominant women. Midheaven SemiSquare Pluto (2°19' A)

You have the capability to make your mark on the world and become a person of some significance or importance. If other factors in your horoscope support it, you have the potential to gain a measure of fame. At some point in your life, there is a strong possibility you will undergo a radical change in direction that may surprise both yourself and others. You have the capability to be a leader or a public figure; however you need to take care not to abuse your authority, as it is likely to annoy others. If you misuse your power, your past may catch up with you and ruin your reputation. There can be power struggles in the home or domestic upheavals.

Mercury

Mercury describes your manner of expression, your powers of communication and intellectual reasoning, your ability to formulate and articulate ideas, and to make decisions.

Mercury in Scorpio

You have a deeply perceptive mind, which is capable of profound thinking. While you tend not to be an "ideas" person, you are keenly instinctive and usually see things accurately, if not necessarily charitably. Rather than mince your words, you prefer to tell it like it is. You are interested in intrigues and have a talent for investigative or research work. You can be secretive, suspicious, scheming and sarcastic.

Mercury in 12th House

You need to create a space in your life where you can retreat and entertain your own private thoughts. You are quite happy in your own company and tend to prefer to work alone or behind-the-scenes. You are possibly interested in the occult, mysticism or psychology and may read, write or lecture on these subjects. Also, secrets and plots may intrigue you.

Mercury Conjunct Venus (7°01' A)

Your thoughts are more often than not on love and relationships. You need to share your ideas and affections with those who are close to you. You have a pleasant manner and easily interact with others. You enjoy social activity and are good company because of your sense of fun. You have a creative intellect and an eye for beauty and artistic design. You may also have talents as a speaker or writer.

In your desire to broaden your knowledge, you will most likely travel, correspond with people in other countries and possibly study or have business arrangements overseas. You may be well read and erudite. Certainly, you appreciate the value and benefits of a sound education. You will most likely have success as a speaker or writer. A sense of humor, wit and a generous nature will gain you popularity with others.

Venus

Venus describes your appreciation of beauty and the arts, your powers of attraction, and your capacity for close personal relationships and love affairs.

Venus in Scorpio

You have an all or nothing attitude when it comes to love. It is not unusual for you to experience the extremes of deep passion and cool indifference in romantic affairs. Difficulties in love can arise through emotional manipulation, power struggles or jealousy.

Venus in 12th House

You enjoy quiet and solitude and occasional periods alone to recharge your emotional batteries. You can be shy and reserved in the expression of your intimate feelings and may harbor unspoken love yearnings. Equally, you may have secret admirers or become involved in clandestine love affairs. Be aware that indiscreet activity in regard to matters of the heart could result in scandal and embarrassment.

Venus Trine Jupiter (3°25' S)

You have an attractive personality and a kind-hearted manner about you, with the ability to gain popularity or favoritism from others. You have the capability to feel at ease in most social situations and are able to form harmonious and fortunate connections with people. To some extent, you may lack the drive or ambition to fully develop your creative potential, preferring instead to indulge in sensuality and trivial pursuits.

Venus Opposition Uranus (4°13' A)

You tend to be choosy in love because you need someone who can accommodate your need for freedom and independence. You are attracted to exotic and unusual partners who are independent and up-to-date in their outlooks. A lover who is emotionally dependent or clingy would make you feel very uncomfortable. No matter how much you like or love another you will not allow your independence to be compromised. You rebel against commitment and emotional pressure from others, or being made to feel obligated to meet their romantic expectations of you.

Instead, you thrive on change and variety in love and the thrill of the new. Conventional and routine relationships will drive you to distraction. Adventurous and receptive to new experiences, you are fun to be with and open to experimentation. Artistically, you appreciate anything that is modern, original and unique.

Venus Sextile Neptune (2°58' A)

Good taste, refinement and artistic appreciation or talent is the promise of this planetary pairing. You have a keen sense of beauty, coupled with creative imagination and inspiration. Breakdowns in relationships are possible through disruptive or rude behavior.

A person with strong willpower, you know exactly what you want and how to get it. Strong-willed and fearless, you pursue your goals and desires with great determination. Other people sense that you're not someone to mess with. In conflicts or aggressive situations, you stand your ground and hardly ever concede defeat. Power struggles are commonplace in your life.

Mars in 11th House

You are motivated to make friends and to join clubs or societies. Your friends tend to be boisterous, energetic, loud and argumentative personalities. Sparring and conflicts are likely between you and your friends. Also, you have to be careful with regard to the company you keep, as others can lead you into trouble. Consequently, some of your friendships are frequently tested and broken or deemed to be more demanding than they are worth.

Mars Quincunx Saturn (2°38' S)

This particular combination of planets is challenging to say the least. The enthusiastic and adventure seeking nature of Mars come up against the obstructive and restraining tendencies of Saturn. Hence, a key phrase for this aspect is 'restricted activity'. Traditionally, the uniting of Mars and Saturn makes for a troublesome pairing; however with self-awareness difficulties can be lessened. Saturn can tone down Mars' impatience and encourage disciplined action, the

attainment of goals through concentrated or sustained effort and persistence. You are a hard worker who possesses endurance and the capability to work long and demanding hours. At times, progress in life can seem frustratingly slow; it sometimes feels as if you are 'driving with the hand brake on'. Negatively, you may find it difficult to manage anger and irritability. There is a risk of adopting a harsh outlook or of becoming resentful, vengeful and bitter. At approximately seven-year intervals, you are forced to contend with restrictions and periods of low physical energy.

Mars Square Pluto (5°22' S)

Quite simply, this aspect gives you the power to express your energies in either a positive and constructive manner or in a willful and destructive fashion. Whichever way you use it, you are a force to be reckoned with. Positively, you have extraordinary staying power, which enables you to work long and demanding hours and to push yourself to the limit when required. Negatively, a desire to dominate or manipulate people can backfire on you and cause confrontations and power struggles. Worse still, you can become emotionally reactive and vengeful if you don't get things your own way. Injuries are possible in high-risk situations or environments.

Jupiter

Jupiter describes how you relate to the larger world beyond your personal self, how you expand in life, and experience higher learning, travel or religion.

Jupiter in Cancer

You have a strong attachment to your home and family. The creation of a secure and comfortable home for yourself and your loved ones is important to you. Your educational, moral and religious outlooks are established in early life. Financial assistance is often available through the family. You have a caring and protective nature, coupled with a genuine concern for the emotional needs of others.

Jupiter in 8th House

You have a talent for dealing with other people's money and resources and may be very successful as a financial adviser/controller, tax consultant, banker, stockbroker or accountant. You may also benefit personally from legacies or inheritances. Your personal or professional partner may be wealthy, lucky with money or financially clever and resourceful.

Jupiter SemiSquare Saturn (0°11' S)

In general, your life alternates between periods of optimism and pessimism and periods of financial abundance and financial hardship. It can sometimes seem that everything good that happens to you comes at a cost. Your challenge is to find the middle path between enjoying life and keeping it real. Occasionally, you experience feelings of dissatisfaction with your lot in life; however this can serve as a motivation to improve your situation. All of your personal successes - academic, financial or emotional - are hard won and gained through industry, perseverance

and self-discipline. You have a good head for business because you understand the cycles of expansion and consolidation. Your philosophical outlooks tend to be orthodox and conservative.

Saturn

Saturn describes your experience of reality, your fears and inhibitions, where you are serious, and how you respond to society's rules.

Saturn in Gemini

You have a practical, disciplined and logical mind and are motivated by the urge to learn and study and to acquire useful knowledge. Clear and unambiguous communications are important to you. Rigid thinking is possible, and there can be shyness or awkwardness in social situations. You may be insecure about your intellectual abilities.

Saturn in 7th House

You view relationships with others seriously and realistically. You have a strong sense of responsibility towards others and desire fairness in your dealings with people. Marriage or significant partnerships tend to be stable and enduring. Equally, however, coolness or emotional remoteness within marriage can lead to difficulties, feelings of loneliness and separation. You may be attracted to others of a wide age difference to you. Possibly, a partner may be obstructive, critical and uncooperative. Opponents or enemies can be persistent and relentless; and legal difficulties may be experienced.

Saturn Conjunct Uranus (7°11' A)

This aspect happens only once every 46 years due to the slow orbital speeds of these two planets. Socially, it represents periods of violent disruption in the world and the sudden tearing down of established structures: consider, for example, the resulting break up of the Soviet Union following the most recent conjunction of Saturn and Uranus in 1988. On a personal level, you often feel tense and churned up inside, as you struggle between the urge to conform and the urge to assert your individuality. One side of you wants to be like everyone else while the other side cannot bear the thought of it. For your own peace of mind you need to find a balance between these conflicting urges. You are quite rebellious and will buck against anyone or anything that restricts your freedom. Also, when you feel the pressure for change building up within you, don't suppress it because you may cause yourself stress and even possible physical injury.

Saturn Sextile Pluto (2°44' A)

Everything you achieve in life is as the result of sheer determination and effort. You have great powers of endurance and perseverance, coupled with a tenacious attitude and the self-discipline to see things through to their successful conclusion.

You are suited to work that incorporates modern working methods and up-to-date technology. In regard to matters of health, you tend to be attracted to non-traditional healing techniques.

Uranus Trine Neptune (1°16' A)

The aspects between the so-called generational planets cause effects that are more collective than individual. On a personal level, you are someone who has an interest in gaining spiritual understanding. You may be psychically gifted, if other factors in your horoscope support this.

Uranus Sextile Pluto (4°27' S)

You were born during an era that witnessed much social change and revolution, especially associated with technological advancement. You have an appreciation of the need for social reform and personal transformation. You view change as a force for good even if it is accompanied by crisis.

Uranus Square Moon's North Node (2°38' S)

You either prefer the company of unusual and original people, or you come across to others as unconventional and eccentric yourself. You enjoy change and variety with regard to your associations and can be inclined to make and break contacts suddenly and unexpectedly. When meeting new people, you tend to assess their character intuitively and quickly. You may associate with people who expose you to unsettling or disruptive experiences.

Neptune

Neptune a generational planet - describes your personal and peer group experiences of spirituality, your powers of inspired fantasy and areas of illusion.

The Qualities and Elements

The signs of the zodiac are grouped into two basic categories. These are known as the Qualities and the Elements. The Qualities describe fundamental modes of activity and the Elements describe temperament. There are three Qualities: Cardinal, Fixed & Mutable and four Elements: Fire, Air, Earth & Water. Your horoscope has varying degrees of each Quality and Element. The percentages you have of each will determine their importance in your life. The higher percentages will be more powerful in your life, the lower percentages will be less powerful.

The Qualities

14% Cardinal

The Cardinal signs are Aries, Cancer, Libra & Capricorn. The more planets you have in any of these signs the more Cardinal you are:

Cardinal people are action oriented and initiating. They are interested in promoting change and bringing new things into the world. They are direct, assertive and like to take charge of situations. They are ambitious, independent and dislike being supervised. They are good at starting projects, but not so good at completing them. They have abundant enthusiasm and are very resourceful. Cardinal people generally don't hold grudges.

43% Fixed

The Fixed signs are Taurus, Leo, Scorpio & Aquarius. The more planets you have in any of these signs the more Fixed you are:

Fixed people are persevering and enduring. They achieve results in life through determined and persistent effort. They tend to do one thing at a time and are extremely practical in their approach to everything. They are not easily influenced by others and can be quite firm or stubborn once their minds are made up about something. They tend to hold onto things and are reluctant to change. They are staunch, but they can also be inflexible and at risk from becoming set in their ways.

43% Mutable

The Mutable signs are Gemini, Virgo, Sagittarius & Pisces. The more planets you have in any of these signs the more Mutable you are:

Mutable people are the most flexible of the three types. They are able to go with the flow. They are changeable and adaptable, but also indecisive and restless. They are sensitive to the opinions of others, but they can also be impressionable and easily influenced by environmental circumstances. Mutable people lack the stubbornness of the Fixed signs and the forcefulness of the Cardinal signs, which makes them good mediators and go-betweens.

The Elements

14% Fire

The Fire signs are Aries, Leo & Sagittarius. The more planets you have in the Fire signs the more pro-active and self-determining you are:

The Fire signs go for freedom of action and power. They strive for recognition in life. They are out-going and enthusiastic, adventure seeking and powerful. They are ardent, passionate, assertive, demonstrative, bold and courageous. They can also be impatient and bossy, willful and reactive, especially when they face delays or obstructions in their path.

21% Earth

The Earth signs are Taurus, Virgo & Capricorn. The more planets you have in the Earth signs the more practical and needful of security you are:

The Earth signs seek material security. They are down-to-earth, pragmatic, cautious, sensible and conservative. Hardworking and industrious, Earth signs are able to put into effect the ideas and inspirations of the other signs. They can be accumulative, possessive and overly materialistic. They are also sensual and pleasure seeking.

21% Air

The Air signs are Gemini, Libra & Aquarius. The more planets you have in the Air signs the more pro-active and self-determining you are:

The Air signs go for freedom of action and freedom of movement. Air signs need to be able to come and go at will. Their domain is the air we breathe; hence they are conduits for communication and the exchange of ideas. They are mentally alert and intellectually stimulating. Gregarious and sociable, Air signs like to be around other people. They are observant and perceptive, curious and inquisitive. They live totally in the here and now, and want to be in whatever is going on.

43% Water

The Water signs are Cancer, Scorpio & Pisces. The more planets you have in the Water signs the more needful you are of emotional security:

People with a majority of planets in the Water signs are motivated by the need to gain security in their emotional lives. They are sensitive, deep, compassionate, imaginative and intuitive.
