EMPIRE ORNAMENT SUPPLY.COM

Inspirations From The Masters

The ornament pictured and cataloged in the following pages are our interpretation of what the great masters created long ago. Our designs are inspired by the timeless, creative interiors of grand palaces such as Versailles, Fontainebleau, Windsor Castle, and the decorated interior walls within the ruins of Pompeii. Creations designed and crafted by talented artists of the time whose names shall forever remain unknown.

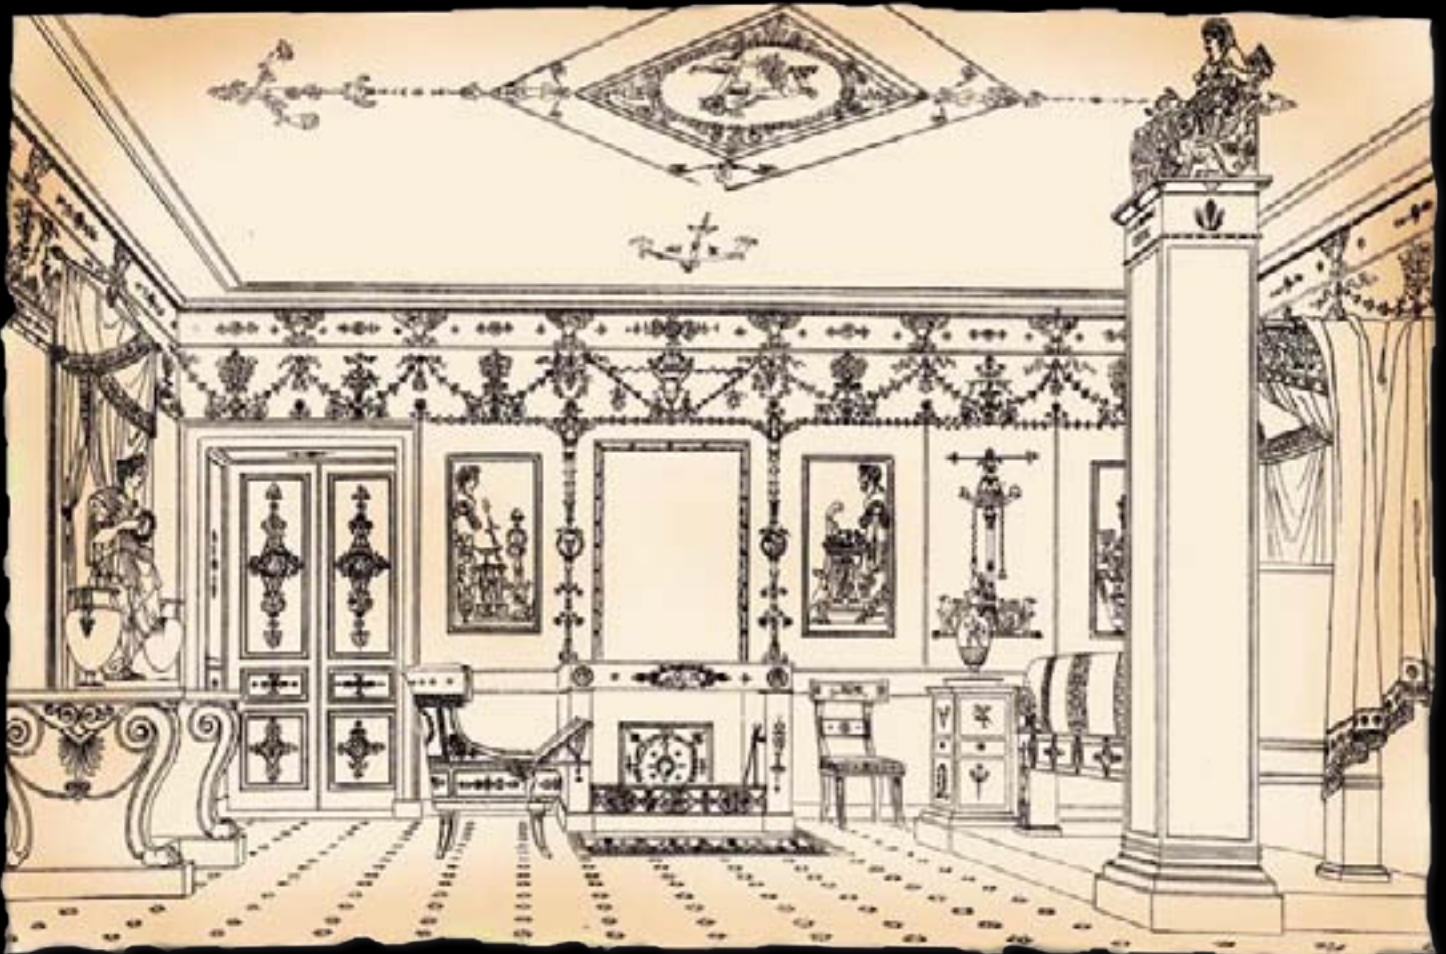

Our goal is to allow any room, or any part thereof, to be transformed into a timeless work of art. We will create

for you a living space that celebrates fine decoration.

Our ornament can be styled and worked using the same tools used for wood ornament. The special mixed materials we use to cast our ornament allows them varying degrees of bending and flexibility.

Since every individual room has unique needs we also offer a special material for more extreme bending requirements.

Feel free to contact us for any information regarding ornament installation and design layout.

any shape grille

Custom Designs & Sizes Available

We can cut any
size grille that you need!

Custom Designs Available

Replace your old metal
cold air return grilles
with our

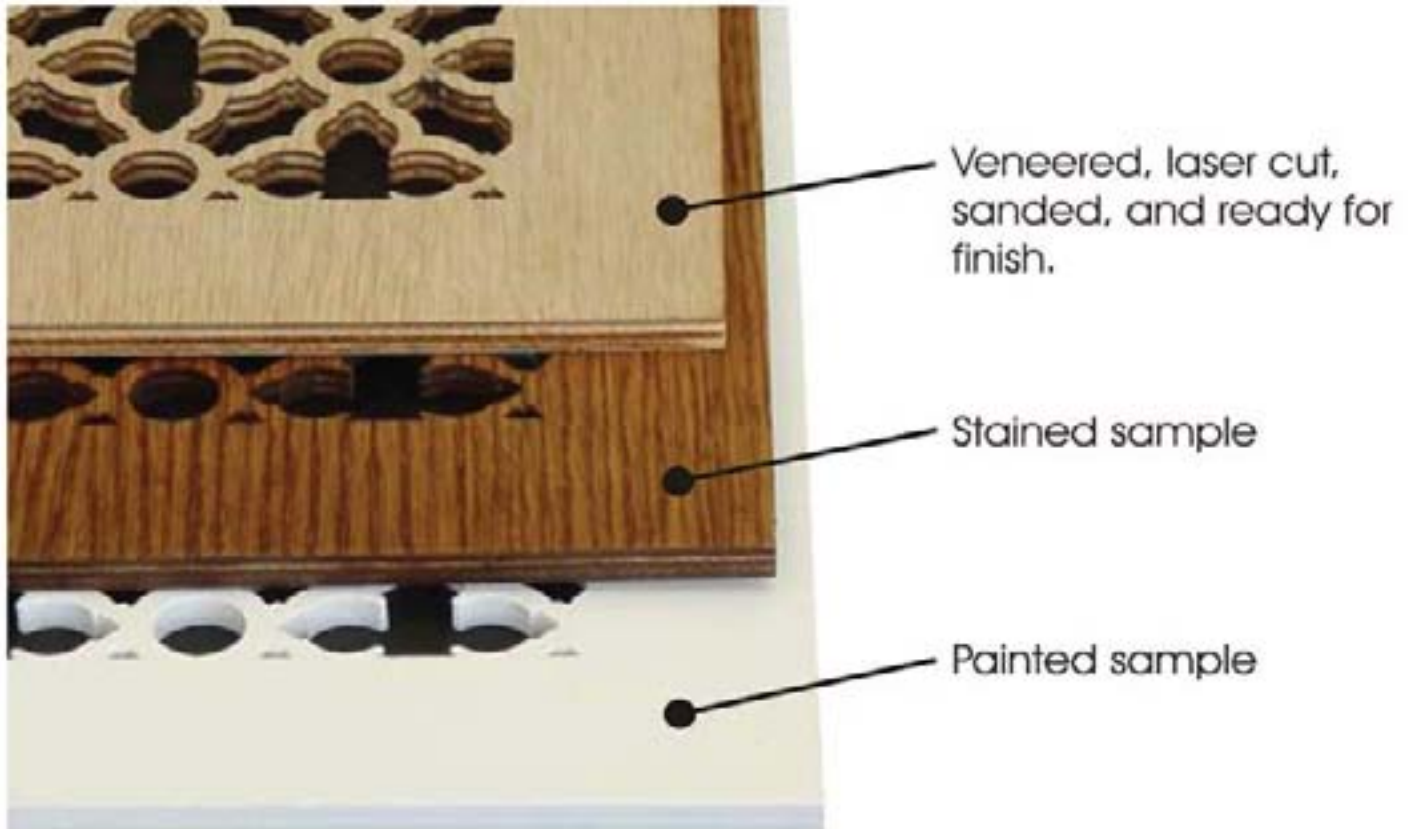

WOOD FILTER GRILLES

← →
custom built to any size!

Our wood grilles are manufactured from 100% laminated birch hardwood with a veneered face. The grilles are sanded and shipped ready for paint or stain.

Available Veneers

Oak

Maple

Cherry

Laser vaporizes material at the speed of light leaving a razor thin cut margin. Lasers cut fast, creating accurate identical parts.

Standard metal air registers are a challenge to try to hide or make less noticeable. Our wood grilles add to the look of your home's design.

Custom design and laser cutting

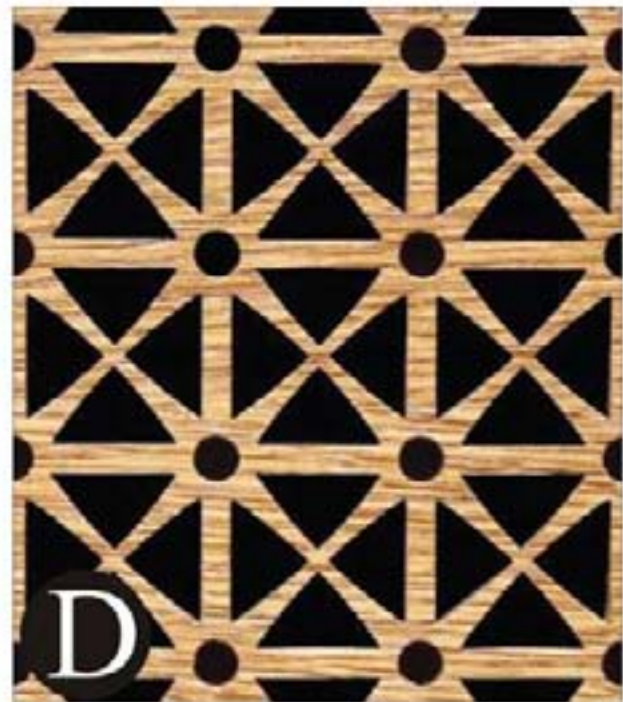

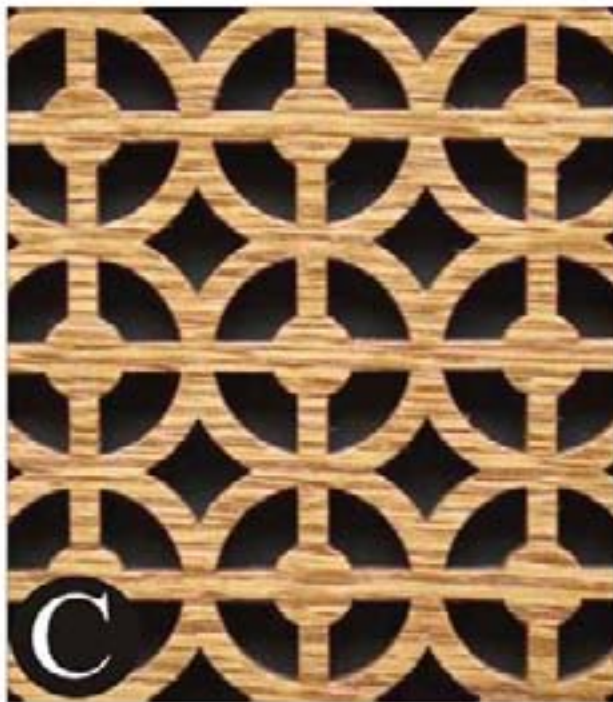

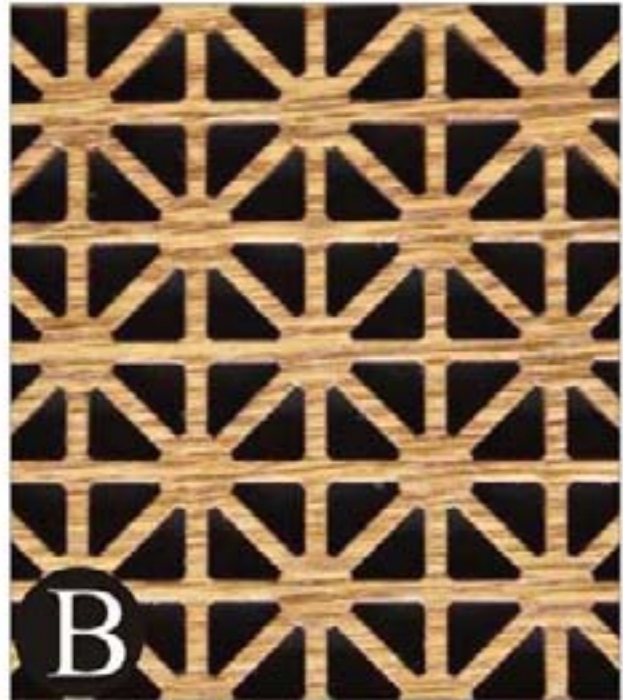

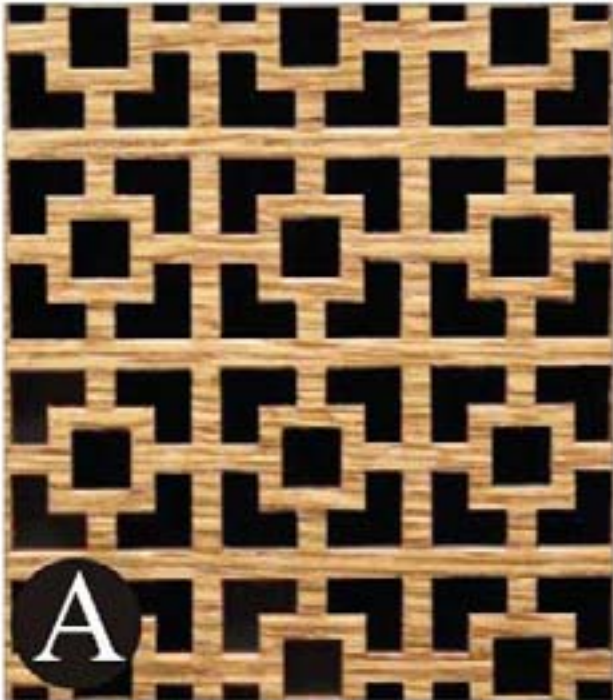

We also offer custom design services. Any shape that you can draw, we can cut. Hardwoods, plastics, and a variety of other materials can be cut on our laser machining centers.

We can cut from your hand drawings, or from many types of design files including, Auto Cad, DXF, Corel Draw, Adobe Illustrator, and many others. To request a quote, please call, fax, or write us.

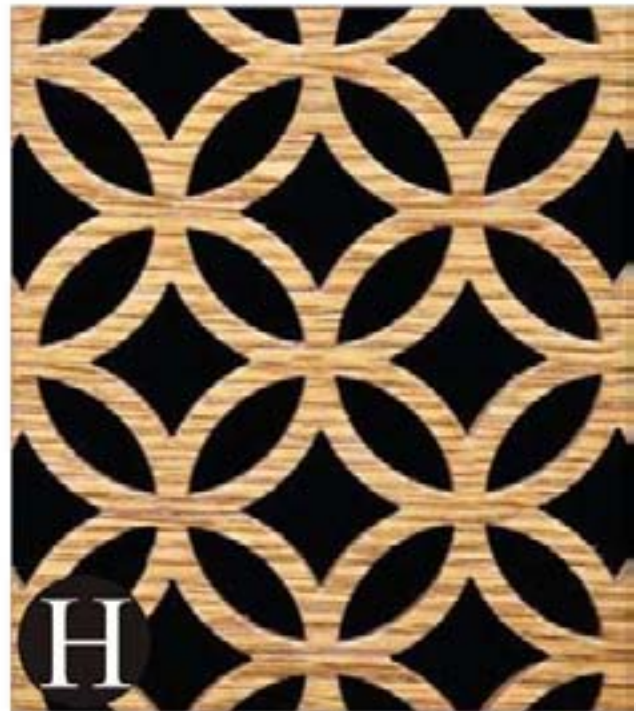

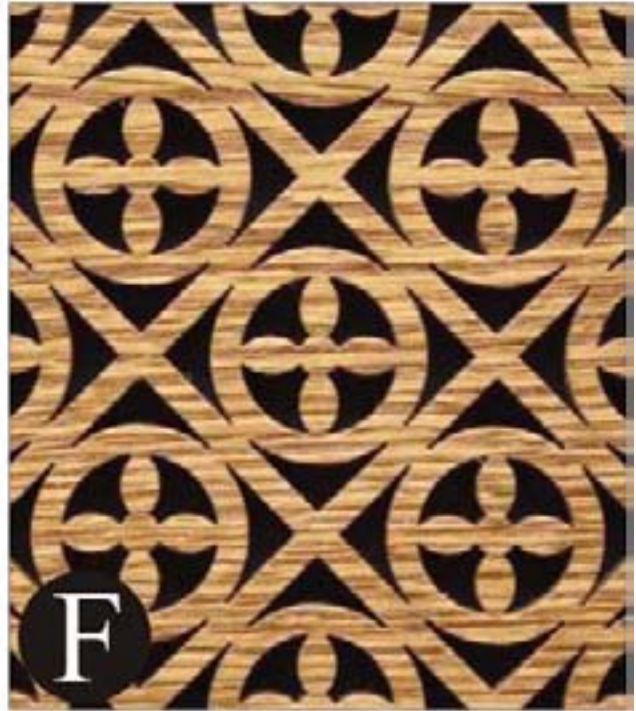

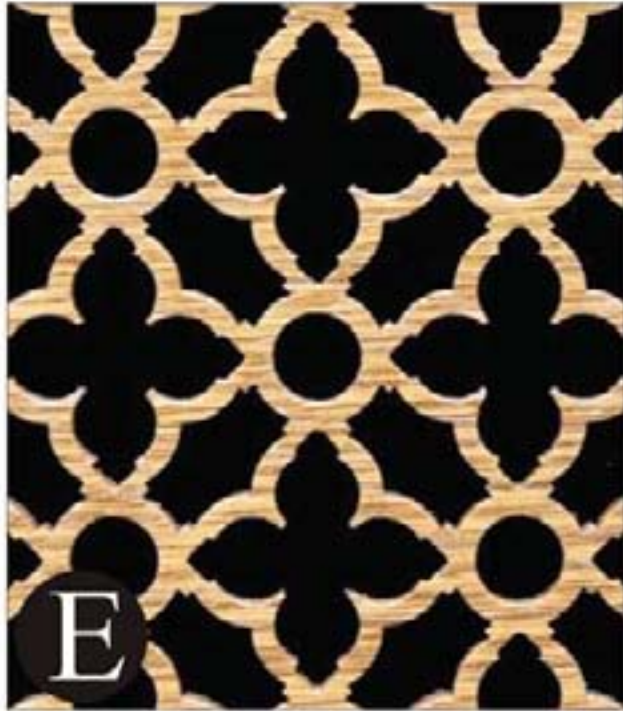

Available Grille Patterns
full scale

All wood grilles are shipped unfinished, ready to paint or stain.

Available Grille Patterns
full scale

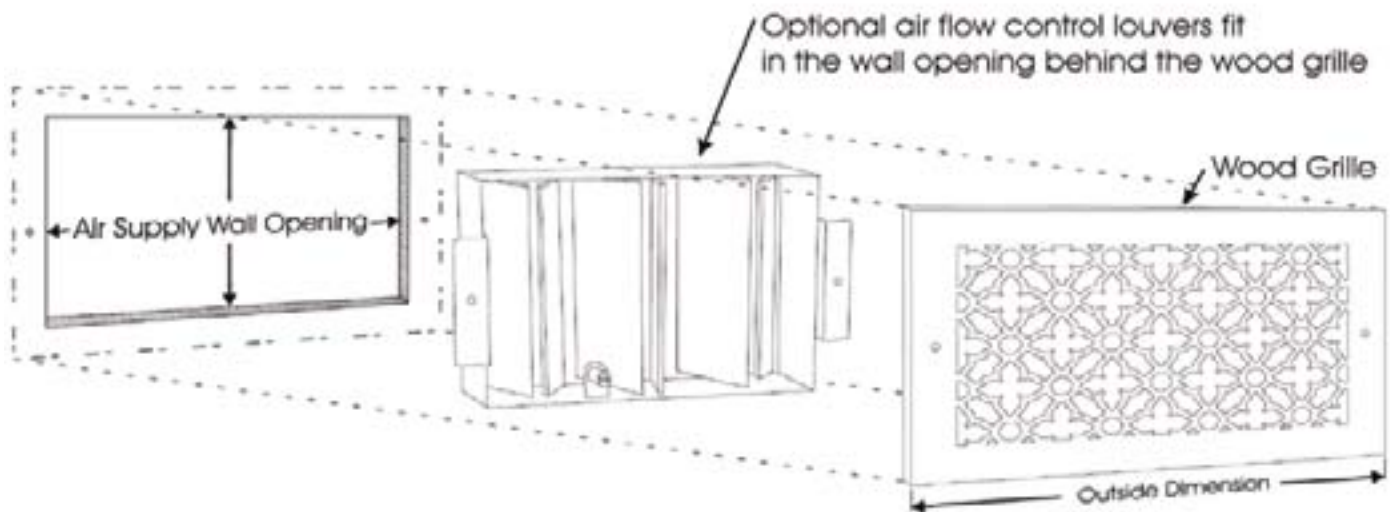

All wood grilles are shipped unfinished, ready to paint or stain.

How to Measure for Grille and Louver size

For Grilles:

1. Measure the wall opening (width" x height").
2. Match the wall opening size to the correct part number on the Grille Prices page.
Example: 10" wide x 6" high = part No. 1006.

For Louvers:

1. Measure the wall opening (width" x height").
2. Match the wall opening size to the correct part number on the Louver Prices page.
Example: 10" wide x 6" high = part No. LVR-1006.

Ph (714) 765-8138

Return Air Filter Grilles

Example of a filter grille installed and finished.

The grille panel is easily removed to access the filter

Example of a filter grille installed and finished in a home.

Oak veneered filter grille with "H" pattern

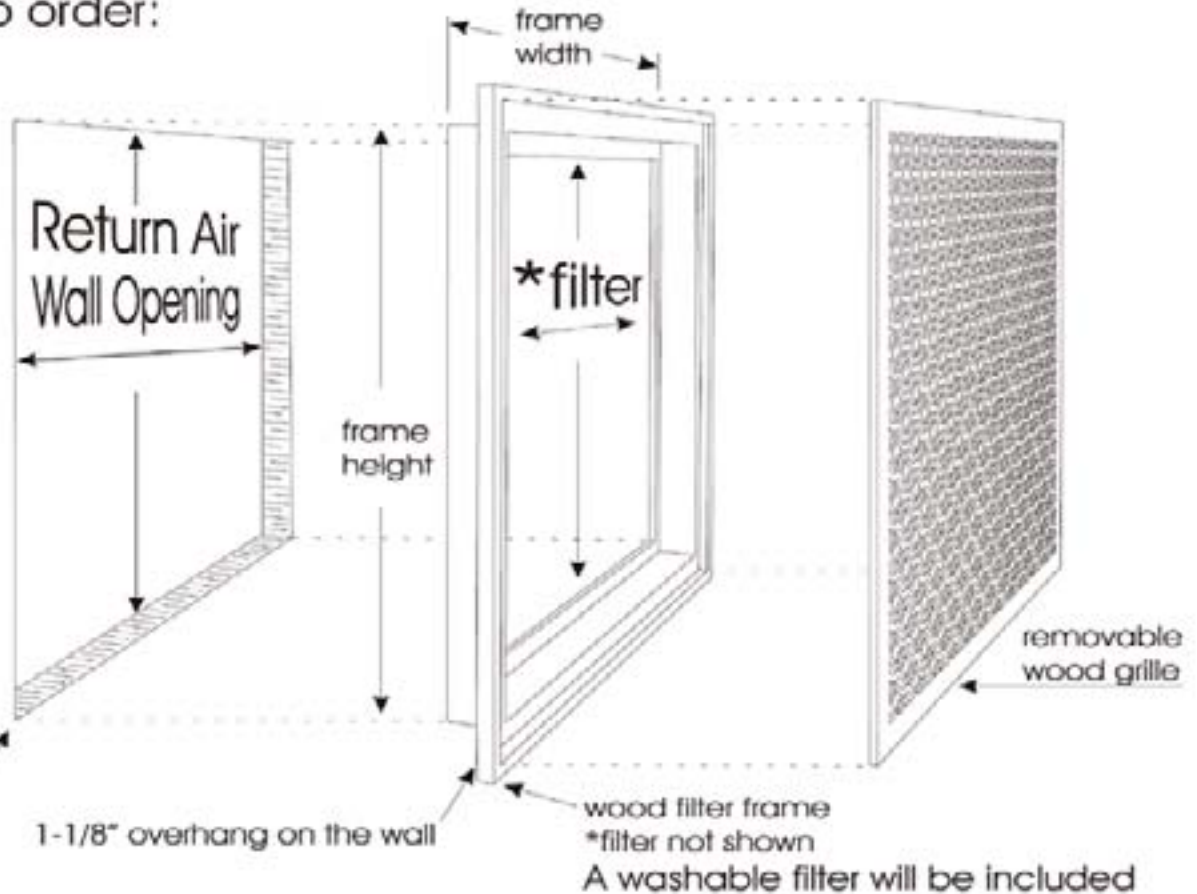

Brass thumbscrews with threaded metal inserts are provided to hold the grille panel in place.

Return Air Filter Grille Assembly

For walls and ceilings

How to order:

All Return Air Filter Grilles are custom made to fit your existing wall or ceiling opening.

Step 1:

Measure the wall or ceiling opening.

Step 2:

Decide on the grille pattern (A-H) and the wood veneer type (oak, maple, or cherry).

Step 3:

Contact us for a price quote.

Wood Finishing

DO NOT FINISH IN OR EXPOSE WOOD GRILLES TO DIRECT SUNLIGHT! The heat of the sun will cause paint, stain and lacquer to bubble, and the wood grilles to warp and twist.

Staining

1. The easiest way to stain the grilles is to submerge them in a pan filled with stain. After wiping off excess stain, lean the grilles in an upright position so air can circulate completely around them. Let them dry for a full 24 hours. If the stain does not dry completely, it will run when lacquered. There is no need to sand after this step.
2. Lay the grilles flat and spray them with lacquer sanding sealer. This is available in aerosol cans, or liquid to be used with a sprayer. Sanding sealer fills the grain and allows the clear finish coats to flow very smoothly. Apply 2 or 3 light coats to the face. Apply 1 coat to the back to completely seal the wood. Allow 24 hours to dry.
3. Lay the grilles flat and sand them with a worn piece of 220 grit sandpaper. Be careful to sand very lightly so you do not burn through the stain color. Be extra careful near the grille edges. The wood will feel smooth and silky with very little sanding. Clean off the white sanding residue with a clean soft cloth and compressed air.
4. Lay the grilles flat and spray them with clear lacquer. This is available in aerosol cans, or liquid to be used with a sprayer. For the first coat, lightly mist the surface. After 20 or 30 seconds, spray them again with a slightly heavier coat. Lacquer dries to the touch very quickly, and you can apply 2 or 3 coats in 1 day.
5. Freshly applied lacquer has a very strong odor and it is best to allow it to cure for at least 3 days before you bring any finished pieces into your house.

Painting

1. Painted wood must first be primed. A good water, oil, shellac, or lacquer based primer can be used.
2. Thin the primer first, then use a soft brush to work it onto all surfaces. Take care not to let drips build up on the edges. Two light coats are better than one heavy coat. If you are going to use a color tinted paint, have your supplier tint your primer the same color.
3. The easiest way to apply the finish paint coat is to spray, but you can also use a brush or roller. Apply 2 finish coats and allow the paint to dry completely before installing.

Terms And Conditions

How to order

Phone: (714) 765-8138

fax: (714) 765-8139 copy, fill out, and fax our Order Sheet

Mail: copy, fill out, and mail our Order sheet and mail to :
2267 E. Via Burton St., Anaheim, CA 92806

We typically ship your order within 5 business days. If your order will be delayed due to material unavailability or our heavy production backlog, we will inform you.

Payment

Check or money order

Visa, Master Card, American Express, Discover

Sorry, NO C.O.D.'s

Shipping

We ship most orders via UPS or FedEx. A street address is required, no P.O. box deliveries. Shipping cost is determined per shipment, by package weight, size, and distance to ship. Shipping costs cannot be determined until the order is packaged and weighed. If you would prefer to use your own carrier, or to will call your order, please notify us as early as possible.

Returns

All grilles are cut to order. All sales are final.
