Calibration • Verification • Repair

## AUTOMOTIVE Industry ISO & Accredited Calibration services

At Pullman we specialise in the service and calibration of test equipment used within the Automotive manufacturing and service sector, building on a reputation we have forged over the past 40 years.

Our profile is second-to-none. We have built long standing relationships with manufacturers of standard combustion and EV vehicle types. Our engineers are trained and qualified to work both on and off site, to test measuring equipment accurately and to certify to UKAS/ISO traceable levels.

Working with Pullman you will benefit from accredited equipment calibration and certification, reduced downtime, minimised turnaround and competitive pricing, keeping the workforce moving via a calibration service that you can rely on.

- Instrument Calibration to the Automotive industry
- Repair of Measurement Instruments
- Accredited Quality Management Systems

## PullmanInstruments

Specialists in Calibration & Measurement

# Pullman in depth

## Why Pullman?

With 40 years of experience offering a combination of industry expertise and a proven track record of listening to the needs of both customers and their brand partners.

Established as one of the UK's market leaders in the calibration and measurement industry, Pullman provide both in-house and on-site calibration services with dedicated professionals providing quick solutions to a wide range of industry sector test equipment requirements.

## Quality Assurance

Pullman's success and reputation can be measured by the high standard of service we provide to our customers. Our Quality Management System meets with statutory and regulatory requirements. Accredited by UKAS to ISO/IEC 17025 and registered to ISO 9001 by NQA. Pullman Instruments achieve customer satisfaction through continued improvement.

## Calibration Service

Our greatest core strength is the calibration service we offer. Precision to us matters and attention to detail is critical.

Pullman's highly skilled professional laboratories are located nationwide, ensuring a quick response to any calibration requirement.

Utilising the depth of experience we have we also provides the option of a dedicated on site calibration team. This team are able replicate many of our in house disciplines at our customers sites.

## Repair

An approved repair centre for leading manufacturers, all instruments repaired in line with published procedures where available and using only approved parts when required. Ensuring manufacturers high standards are met.

### Key services we offer to our customers include:

- Flow Sensors
- Anemometers
- Body Leak Test sets
- Pressure Meters
- Torque Meters
- Vibration measuring devices
- Signal Conditioners
- Charge Amplifiers
- Temperature/Humidity testers
- Pressure Calibrators
- Pressure Gauges
- Leak Detectors
- Torque Wrenches
- Comparators
- Plug/Screw Gauges
- Multimeters/Clamp Meters
- Power Supplies
- Pitot Tubes

- Crimp Tools
- Gloss Meters
- Sound Level Meters/Calibrators
- Tachometers
- Stroboscopes
- Electronic Loads
- HV Meters/Probes
- Oscilloscopes
- Vacuum Gauges
- Micro Manometers
- Light Meters

### Other Instruments Pullman calibrate include:

- Insulation Testers (up to 5000v)
- Multimeters (Analogue & Digital)
- Bench Multimeters (up to 6½)
- RCD Testers
- Loop Testers
- Digital Thermometers
- Infrared Thermometers
- Thermal Imagers
- Clamp meters/multimeters
- Function Generators
- Micrometers, External & Internal
- Vernier Calipers
- Depth Micrometers
- Dial Gauges mechanical & Digital
