

HVAC

Calibration • Verification • Repair

HVAC Accredited Calibration services for efficient environmental control

At Pullman we specialise in the service and calibration of test equipment used within the HVAC industry, building on a reputation we have forged over the past 40 years.

Our HVAC profile is second-to-none. We have built long standing relationships with heating engineers and air conditioning companies, to ensure they deliver comfortable environments for their customers to work in. Our engineers are trained and qualified to work both on and off site, to test measuring equipment accurately and to certify to UKAS/ISO traceable standards.

Working with Pullman you will benefit from accredited equipment calibration and certification, reduced downtime, minimised turnaround and competitive pricing, keeping the workforce moving via a calibration service that you can rely on.

- Instrument Calibration to the HVAC industry
- Repair of Measurement Instruments
- Accredited Quality Management Systems

PullmanInstruments

Specialists in Calibration & Measurement

Pullman in depth

Why Pullman?

With 40 years of experience offering a combination of industry expertise and a proven track record of listening to the needs of both customers and their brand partners.

Established as one of the UK's market leaders in the calibration and measurement industry, Pullman provide both in-house and on-site calibration services with dedicated professionals providing quick solutions to a wide range of industry sector test equipment requirements.

Quality Assurance

Pullman's success and reputation can be measured by the high standard of service we provide to our customers. Our Quality Management System meets with statutory and regulatory requirements. Accredited by UKAS to ISO/IEC 17025 and registered to ISO 9001 by NQA. Pullman Instruments achieve customer satisfaction through continued improvement.

Calibration Service

Our greatest core strength is the calibration service we offer. Precision to us matters and attention to detail is critical.

Pullman's highly skilled professional laboratories are located nationwide, ensuring a quick response to any calibration requirement.

Utilising the depth of experience we have we also provide the option of a

dedicated on site calibration team. This team are able replicate many of our in house disciplines at our customers sites.

Repair

An approved repair centre for leading manufacturers, all instruments repaired in line with published procedures where available and using only approved parts when required. Ensuring manufacturers high standards are met.

Key services we offer to our customers include:

- Air Data Multimeters
- Anemometers/Micronanometers
- Back Flow Kit
- Balometers
- Clamp Meters
- Data Loggers
- Differential Pressure Devices
- Flow Hoods
- Manifold Sets
- Hydronic Manometers
- IR Guns
- Leak Detectors
- Monitors- Temperature
- Charging Scales
- Manometers
- Multimeters
- Panel Meters
- Pitot Tubes
- Pressure Gauges
- Sling Psychrometers

- Sound Level Meters
- Magnetic Gauges
- Tachometers
- Temperature Controllers
- Temperature Probes
- Thermo-Hygrometers
- Thermocouple Thermometers
- Vacuum Gauges
- Vibration Meters

Other Instruments Pullman calibrate include:

- Insulation Testers (up to 5000v)
- Multimeters (Analogue & Digital)
- Bench Multimeters (up to 6½)
- RCD Testers
- Loop Testers
- Digital Thermometers
- Infrared Thermometers
- Thermal Imagers
- Clamp meters/multimeters
- Function Generators
- Micrometers, External & Internal
- Vernier Calipers
- Depth Micrometers
- Dial Gauges mechanical & Digital
