Eff 3/2018

GCHS Adoption Process:

1. Submit your application. Please make sure it is **completely** filled out. If you have a certain animal you are interested in, place in the top right corner of the application. If you are interested in a particular breed please put that down as we will add that to our breed specific request list.
2. After GCHS has completed your application we will get in contact with you to let you know the status of your application. If approved, applications are good for 6 months. After 6 months, a new application is required.
3. If the application is for an outdoor animal you must fill out the outdoor adoption application. After receiving that, an outdoor home inspection will be completed.
4. If you are interested in adopting a dog & currently have dogs in your household we require a meet and greet. This is to ensure the animals can safely interact with each other. You must have an approved application before the meet and greet takes place. Meet and greets are scheduled with the receptionist to make sure we have adequate staff available.
5. GCHS does not put holds on animals.
6. Adoption fees are non-refundable.

GCHS does not do first come, first serve. We look for the best fit for each individual animal.

By signing this, I have read the above statements.
