

Mobile Toilets... Flushed with Pride

# **Whatever the occasion, JB Event Facilities will provide the right mobile toilets.....**

**JB Event Facilities** have been market leaders in the mobile toilet business for over ten years, having originally been established over 30 years ago in the contract cleaning market.

Our reputation has become so well established because we have always aimed to provide a great deal more than our competitors in the field, particularly when it comes to reliability and hygiene.

## **We offer:**

- High quality portable toilets, from basic single service to luxury multiple units
- Tasteful decoration and presentation
- Ample lighting, hot/cold running water
- An initial stock of premium toilet consumables
- Any size of event, from garden parties to major public occasions
- The ultimate in personal attention, giving you flexibility with delivery, collection and all ancillary services

## **Competitive Pricing**

The range of mobile toilet units we supply from our premises is large and comprehensive, which means we can keep our prices to a minimum. Ask us to quote and prove the point.

## **Easy Facilitation**

Our on-site requirements are minimal. All we need are an electric supply, a water supply would be an advantage, this can be from a simple tap. We remove all waste from the site, so our clients have no involvement with the practical necessities of toilet provision.

## **Sensible Consultation**

If desired, we can arrange a site visit to advise on the best location for the portable toilets. We will agree times for their positioning and removal to suit your convenience.

## **In addition...**

We can provide an attendant for your event. We can also offer you extra toilet consumables on sale or return.

We also supply shower units from single electric to multiple gas shower units.

We want you to feel confident to recommend us to your friends and colleagues.
