Dear Mr. Fucci:

Laboratories approved or seeking approval under the Environmental Laboratory Approval Program (ELAP) must meet the laboratory inspection criteria which represents good laboratory practice. No deficiencies for the analyte(s) of record were found in your laboratory and therefore, your laboratory is in compliance with the requirements of NYCRR Subpart 55-2 for good laboratory practice as generally accepted and specified in the approved method(s).

Congratulations!

If you have any questions, please contact ELAP at the New York State Department of Health (NYS DOH), Wadsworth Center, PO Box 509, Albany NY, 12201-0509; by phone at (518) 485-5570; by facsimile at (518) 485-5568; and by email at elap@health.state.ny.us.

Sincerely,

STEPHANIE OSTROWSKI, PH.D.
