January 16, 2013

To Whom It May Concern:

Please let me wholeheartedly recommend Atlas Carpet Care to you. Our school has been using this family-owned business for several years now, and the service we have received has been consistently professional, timely, and reasonably-priced. In fact, the price they have charged us for our entire campus carpet cleaning has stayed the same for the past couple of years. And anything extra we have asked Bobby and his crew to attend to has been done quickly and with a smile.

Our school will have Atlas Carpet Care clean our carpets for as long as they will have us. Bobby and the staff are friendly, efficient, and professional. Our carpets look and smell wonderful when the work is done! I do not hesitate to recommend them.

Sincerely,

Terry Morauer  
Executive Assistant
