To Whom it May Concern,

Oak View Middle School's administration, staff, and students have enjoyed the benefits of our school's partnership with Atlas Carpet Care to fulfill our floor cleaning needs. They are professional, easy to communicate with, prompt, and skilled as a business. Often, we here at Oak View receive compliments from the public for the cleanliness and appearance of our school's facilities. Atlas Carpet Care plays a major role in that reputation.

Atlas Carpet Care always works around our busy schedule to perform their cleaning services at times that are best for us here at Oak View. When on campus they do a thorough and detailed job of cleaning our carpets and steam-cleaning our tiled flooring. There is quite a noticeable difference when they have completed the job. Our floors take quite the beating throughout the year due to the traffic of nearly seven-hundred middle school students each and every day. Atlas Carpet Care helps to revitalize and restore those areas.

I would like to take this opportunity to thank Atlas Carpet Care for performing such a satisfactory job for Oak View Middle School. I would recommend their services without hesitation and look forward to working with their business in the future.

Sincerely,

Kevin L. Purvis
Principal
