**Machine Features**

- Pneumatic mounting mast
  - Automatic forward and back
- Pneumatic mounting head & shaft
  - Can be locked against the rim at the push of a button
- Pneumatic clamping system with 24 inch rim capacity
- Pneumatic help arm
- Pneumatically operated bead breaker
- Tubeless tyre inflation
- Sturdy construction

**Pneumatic Help Arm**

Designed to assist in the mounting of low profile tyres. The operator is able to use the arm to push down on the tyre to prevent the bead catching on the rim.

**Clamping System**

The pneumatic clamping system with twin air cylinders can accommodate a large range of steel rims from 10” up to 24” in capacity.

**Mounting Head**

The 1700TI mounting head has been designed with alloy wheels in mind. Plastic inserts are provided for extra protection when in contact with rims.

**Standard Accessories:**

- Tyre Pressure Gauge
- Tyre Lever
- Mounting Soap & Brush
- Plastic Protectors

**Also Consider**

**Summit 1900TI Tyre Changer**

**Features**

- Pneumatic help & press arms
- Large 28 inch rim capacity
- 2 Speed turntable
