The complete
wet room solution

PERFECT FOR HOME

A wet room for the whole family

Wet rooms are the ultimate in practical living for all the family. Easy to clean surfaces throughout, 100% watertight and completely level access make them perfect for all the family, from toddlers to grandparents.

A wet room maximises available space, upstairs and downstairs, and can add value and contemporary style to your home, which you'll enjoy for years to come.

PEACE OF MIND

Our promise to you

Wet rooms have featured in top-class hotels and interior design magazines for many years and it's now easier and more affordable than ever to install one at home.

AKW has over 1 million satisfied customers worldwide and our products are used in over 35,000 wet room installations every year!

We offer lifetime guarantees on many of our products, giving you the reassurance that has made us the market-leader.

Unlike most bathrooms, wet rooms are 100% watertight, making them risk free for families, ideal anywhere in the home and 'future-proof'.

Wet room FAQs

Hard to install?

Using our instant FormSafe® tanking kit, you can create a wet room that will last a lifetime in less than a day!

Are wet rooms safe?

Professionally installed wet rooms give the added reassurance that the AKW products used have a lifetime guarantee* and are significantly more watertight than a regular bathroom.

Small bathroom?

Wet rooms are ideal for smaller rooms. By removing the bath, a wet room maximises available floor space to create a light, airy and open shower area.

Will it add value to my house?

Increasingly buyers are seeking contemporary style and developers are 'future-proofing' homes with 'bathroom for life' wet rooms. They look great *and* they're perfect for the whole family.

Why AKW?

The numbers speak for themselves. Over 26 years in the business, 1 million satisfied customers, 35,000 wet room installations per year and the widest range of stylish, practical and affordable wet room products on the market to suit every situation and budget.

WET ROOM FORMERS

TriForm

For the ultimate in style, the TriForm® combines stunning design with incredible strength and reliability.

The discreet linear waste is reversible. One side can be tiled to match the surrounding floor and the reverse is stainless steel, or choose the decorative cover for the perfect feature highlight.

It is embedded at exactly the same level as the tiles for completely level showering and provides superb drainage of up to 78 litres per minute, making it ideal for luxuriously intense high-volume drench showers.

Features

- + Hand-made, hand-finished. Superior quality.
- + Quick draining. Perfect for drench showers.
- + Ideal for luxury thick tiles up to 25mm
- + Lifetime guarantee for ultimate reassurance
- + Choose from three attractive waste covers

TriForm reversible stainless steel waste cover (tiled side)

TriForm reversible stainless steel waste cover (stainless steel side)

TriForm decorative stainless steel waste cover

WET ROOM FORMERS

SureForm

SureForm is affordable, strong and available in a wide range of size options.

SureForm is highly adaptable and means that every home can enjoy the superior style and luxury that a wet room provides.

Constructed from solid glass reinforced plastic, it is strong enough to fit straight onto joists, saving time and money.

Features

- + Made from extra tough Glass Reinforced Plastic (GRP)
- + Super strong single piece construction
- + Fixes straight onto joists saving time and money
- + 20-year guarantee for peace of mind

WET ROOM FORMERS

DuraForm

Our incredible DuraForm range makes creating a wet room more affordable than ever.

Constructed from remarkably strong extruded polystyrene sandwiched between concrete and fibreglass, it is lightweight, easy to handle and easily cut to size.

Seven different sizes and a load capacity of 25 stone /158kg make DuraForm one of the most adaptable wet room formers on the market.

Features

- + Incredibly lightweight
- + The most affordable former on the market
- + Easily supports up to 25 stone/158kg
- + Can be easily cut to size for a completely bespoke wet room

HEART OF A WET ROOM

Create your perfect wet room

At the heart of the perfect wet room is the unbeatable quality, reliability and reassurance offered by AKW wet room products.

Our TriForm, DuraForm and SureForm wet room formers offer the widest selection of size and price options on the market and provide a rock solid foundation for your wet room. They work seamlessly with all our tanking and ultra-stylish waste kits to give you 100% watertight peace of mind, while our underfloor heating systems provide the final touch of 5-Star luxury.

A WET ROOM FORMER

Superior construction methods and materials are used in all AKW formers to provide absolute peace of mind and the foundation for the perfect wet room.

A WET ROOM FORMER

Our formers provide the perfect gradient to ensure optimal drainage and a highly durable and solid foundation for tiling over.

B WASTE KIT

Contemporary styling and high flow-rate drainage are assured with our TriForm linear waste and the sleek wastes used with our SureForm and DuraForm formers.

C TANKING KIT

AKW has tanking kits to suit every budget and provide industrial strength waterproofing, including FormSafe which is ready for tiling as soon as it's fitted.

D UNDERFLOOR HEATING (Optional)

AKW's underfloor heating systems provide an affordable touch of luxury. Economical to run, programmable and quick to warm-up, they provide ultimate comfort.

B WASTE KIT

AKW's waste kits are designed to work in perfect harmony with our wet room formers for optimal drainage, ease of installation and complete reliability.

C TANKING KIT

Our tanking kits make your wet room 100% watertight and with a range of options, from paint-on to membrane systems, can be ready to tile immediately.

D UNDERFLOOR HEATING

Underfloor heating is an optional extra but is an affordable and economical way to add an impressive touch of luxury to any wet room.

Our wet room formers have a built-in gradient to ensure that water drains away efficiently and provide a durable foundation for your choice of floor tiles.

WET ROOM PERFECTION

Tanking kits

Part of enjoying a wet room is being confident that it is 100% watertight.

AKW's paint-on and membrane tanking kits work in perfect harmony with our formers and wastes to completely seal the floor and walls, providing the foundation of your perfect wet room.

Mapegum: Paint-on tanking kit.
Ready to tile in 24 hours.
Code: 21320

Mapelastick AquaDefense:
Ready to tile in 4 hours.
Code: 21323

FormSafe Tanking Kit:
Ready to tile immediately and life of tile[†] guarantee.
Code: 23610

WET ROOM PERFECTION

Waste kits

Waste trap** comes in four sizes: 19mm, 50mm, 90mm and low depth 90mm.

Waste cover for DuraForm and SureForm.

A wet room is as individual as you are, so express yourself with a wide choice of waste and cover options that offer the ultimate in practicality and contemporary style.

Select from the options available with your chosen former and from a gravity fed or pumped waste. Finally, choose the perfect cover to complement the look.

TriForm's reversible linear waste drains up to 78 litres per minute.

Accessories

DURABOARD

Using our versatile wet room construction board, installers can create highly bespoke wet room structures such as integral vanity units and seating areas.

It can also be used to board out floors and walls and is made of the same high strength lightweight material as our DuraForm formers.

WET ROOM PERFECTION

Heating

For that added level of luxury install electric underfloor heating in your wet room. Programmable, thermostatically controlled and quick to warm-up, it's a touch of comfort you'll come to love.

Enhance the experience with one of our chrome towel rails to keep your towels beautifully dry and your wet room at the perfect temperature, using electric or central heating.

About AKW

From a small Worcestershire business, AKW has grown to become the UK's market-leader and an international operation with:

- + 250+ trained staff
- + 1 million+ satisfied customers
- + World-class manufacturing facilities
- + Our own 40+ vehicle fleet providing door to door service
- + Two national distribution warehouses covering 100,000 sq. feet
- + 60+ sales and technical experts nationwide

Choice, competitive pricing and first-class customer service make AKW the brand of choice for clients across the UK and abroad.

AKW (AKW Medi-Care Limited) is so confident in the superior quality and longevity of its wet room range that we offer a Lifetime Guarantee against faulty materials or manufacture on many of our products (see our website for full terms and conditions). This includes TriForm (Lifetime Guarantee / 25 years) and FormSafe (Life of tile guarantee*) and our other products offer market-leading guarantees, quality and affordability. We are proud to have achieved ISO 9001 Quality Management and ISO 14001 Environmental Management accreditations and to have been certified by all the major industry bodies. AKW holds and maintains a large portfolio of intellectual property in the UK, EU and US. Details of product protection are available in the main catalogue and listed in product instructions. AKW does not hesitate to undertake rigorous protection, defence and maintenance of its intellectual property assets worldwide.
