

Maintaining the perfect landscape is tricky, and can be dangerous work. Healthy trees and shrubs not only add aesthetic value to your property, they help you save on energy bills and increase property value. Hiring a TCIA Accredited tree care company is the most convenient, cost effective and quickest way to handle the needs of your trees.

## 6 Questions You Should Ask When Hiring a Tree Care Company

- 1 May I see your liability and workers' comp insurance?
- 2 Will you provide me with a detailed estimate and a contract?
- 3 Should I notify my neighbors of potential work and equipment to be used?
- 4 Are you going to spray anything on my property? Is it dangerous for my family and pets?
- 5 What kind of cleanup will you do at the end of the project?
- 6 What can you tell me about your qualifications and experience?

Any tree care company should be able to answer these questions.

A TCIA Accredited company will not only answer these questions, but will also ensure that you have the best information you need to make the right choice the first time.

### Safety

Tree care is safe... if you know what you're doing. Hiring an Accredited company minimizes potential for costly and dangerous mistakes.

### Professionalism

Organized, communicative and respectful, TCIA Accredited companies take the stress out of tree care.

### Science

Expertly trained in tree biology, arborists identify diseases and pests that most won't recognize, ensuring the long-term health of your trees.
