

Bring your students and explore the park at your own pace or as a guided tour and view over 150 different species.

Wing's Wildlife Park offers students and teachers a fun and interactive learning opportunity that enables everyone to engage with wildlife, develop a deeper knowledge of conservation and the natural world and become a wildlife ambassador.

The guided tour option must be commenced between 10-11am, unless travel times don't permit and we can work around this.

Discounts available for group bookings.

Supervision: One adult per ten students is required for students kinder to Y10.
