Create a stunning look in any room with the crisp, stylish and contemporary looks of the ‘New’ Illusion acrylic range. Available in five of the most popular finishes on the market, it offers endless design and colourway options.

Available with either ‘Glass Effect’ edges or solid edges.

All doors are shown using H6 Handle.
The Avola range brings high texture and character to any kitchen, bedroom or bathroom. Available in a choice of five exotic decors, with either vertical or horizontal grain direction. The added feature of cross grain direction on the short edges, give the appearance of a total slab style door. All five colours have an exact MFC match.
