OUR COURSES

PURPOSE AND INFLUENCE COURSE - PIN3.100

FOUNDATION: INTRODUCTION TO PURPOSE - (SP101) | 6 Weeks

In this course, you will gain the fundamental concept of purpose and all it embodies for a Kingdom citizen. The lessons will help you understand why you were born, God's original intention for your life, the source of your significance, fulfilment and influence. You will know how your purpose connects with your God-given identity, vision, life's assignment, calling, career, gifts, goals, story, personal development and so on. You may have heard about purpose before but the modules at this level will redefine purpose like you have never heard it before.

INTERMEDIATE: PURPOSE DISCOVERY AND CLARITY - (SP102) | 6 Weeks

In this course you will learn the concept of purpose discovery and how to discover your purpose. If you haven't discovered your purpose before getting to this level of the course, you are most likely to discover it and should you have before, you will gain the clarity needed for you to begin to fulfil God's purpose for your life. The faculties will help you understand you effectively so you can clearly articulate your purpose, hone your message to the world, find your most dominant gift(s), craft your story and begin to lead with, and through purpose.

ADVANCED: INFLUENCE - (SP103) | 6 Weeks

At the advanced level of this course, you will learn the principles required for you to own your message to the world and begin to live your life's calling. You will understand how to build a personal brand that effectively propagates the Kingdom mandate, influence and impact the world with your purpose and begin to create and add value to those around you. We can guarantee that the modules on this level of the course will help you hone your gifts in order to deploy your purpose for God to find expression through you to the world.
