## Just in Time for Easter! Quackers is Looking for a New Home

Win Quackers just in time for Easter by correctly guessing the amount of jelly beans in the jar when you come in for your next appointment between February 25 - March 25. If you eat all of the jelly beans, we may see you back here sooner than you want - *so please share!*

## A WORD FROM DR. STEWART

### A Healthy Dental Practice

From time to time you may have noticed that I have an associate working on Thursdays and I am nowhere to be found. Well, I am not hiding under my desk nor am I golfing, I am delivering seminars to dentists who need help with their dental offices.

Because of how well run our office is, I was asked by a national dental consulting company to deliver introductory seminars to dentists throughout the United States. It has been a very rewarding experience for me. I have seen all types of dental practices and have seen the common pitfalls that cause many dentists to dislike the profession.

For a majority of the dentists I have met, it is not the actual dentistry profession, it is managing the business part of it. I have come to the conclusion that when one has a healthy, well run office, then the dentist and the staff are healthy and most importantly they have made their patients healthy through great care.

You all are a product of that. We give great care here at **Smile Savers Dentistry** and that is why you are healthy. Don't forget to tell your family and friends. Good care is hard to find in this day and age.

Regards,  
**Dr. Stewart**

### Success Stories - What Our Patients Are Saying

"Everyone was so friendly. The assistant calmed my nerves. Dr. Stewart and the hygienist exceeded my expectations - my teeth had never been so clean! I'm sending my entire family to Smile Savers Dentistry!" **D.J., Columbia**

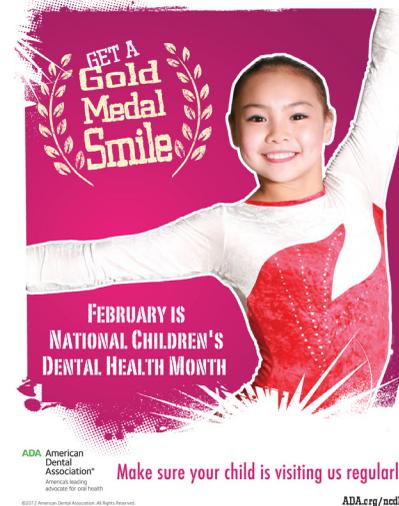

"Admittedly, I can be a bit of a skeptical patient and I truly hate the "big box" or "chain" type of dental practices where I feel like they treat your symptoms or immediate issues but have no desire to take care of you as a long-term patient. What I found with Dr. Stewart and his team is a family dentist-like approach, a truly personal and sincere concern. top-notch care and a great blend of warmth and professionalism. They addressed every tiny concern of mine, took excellent care of my problems, made recommendations that will help me long-term and this is all "effortless" - meaning that it comes naturally here. I guess it's a foolproof sign of genuine care." **P.B., Baltimore**
