

Useless But Smile Provoking News

- Father's Day is celebrated on the third Sunday in June and not just in the USA, but also in the UK, Mexico, Venezuela, the Netherlands, Ireland and Canada.
- June is known for the large number of marriages that occur over the course of the month.
- June is the month with the longest daylight hours of the year in the Northern Hemisphere, and the shortest daylight hours in the Southern Hemisphere.

Celebrating Father's Day in June - Our Hole-in-One Contest Returns

Father's Day is June 16th but our Hole-in-One Contest returns for the entire

month of June. Show off your putting skills for your chance to win from **Smile Savers Dentistry**.

The contest is open for anyone, not just dads ... so bring your A-game!

Success Stories - What Our Patients Are Saying!

"Two days before my visit, I was feeling excruciating pain in my tooth. I scrambled to find an office that could take me. At the same time I was hesitant about finding the right office. A day after a call to Smile Savers Dentistry they took me in, made me feel comfortable, fixed my issue and now the pain is gone and I feel really good about my visit." **CC, Columbia**

Do You Have Gum Disease?

LANAP May Be Your Solution

LANAP is the only procedure that actually helps the bone supporting your teeth to regenerate. This safe, laser-based approach to treating gum disease makes it easier for you to return your gums to health and the process is far more comfortable than gum surgery. **LANAP** restores your entire mouth to health, reducing your body's susceptibility to the serious health problems associated with gum disease. If you would like to learn more about **LANAP**, visit our website or call the office today. marylandlanap.com

"I believe that when you put a smile out there, you get a smile back."

~ Heidi Klum

A WORD FROM DR. STEWART

The Relationship Between Sugar and Oral Health

Judy and I just got back from a two day seminar about diet and health with the executives of Ideal Protein and boy, did we learn a lot! Being a dentist, I take it for granted the insidiousness of carbohydrates and added sugar in our diets.

Did you know that if you are a diabetic you have a fifty percent greater chance of getting dentures? Did you know that children born after 2010 are more likely to have a lesser life span than their parents due to the effects of too many carbohydrates? Many of my patients are on the classic meds for high blood pressure, diabetes and blood thinners and guess what - these diseases all stem back to food!

Children are now getting diabetes before their teens. It is an epidemic and yes, I see this in my dental population. Decay is on a massive increase. Most 5 year olds now have at least one cavity. When I first opened the practice, I rarely saw this. The benefits of fluoride can no longer compete.

If this worries you and you would like more information about what to do about this, attend an Ideal Protein seminar here at Smile Savers Dentistry. Judy and I put these on at 6:15 every Wednesday night. The information you will learn will change your life and give you more control of you oral and physical health.

Regards,
Dr. Stewart

Patient Referral Program

The greatest compliment that we can receive is when you refer friends or family members to our practice. Thank you for your confidence in us!

You will receive a \$50 account credit for each friend or family member that you refer. So, if you know someone who needs dental care, refer them to us. Not only will you receive your thank you gift, they will receive a special new patient offer and quality dental care.

Believe in Tomorrow's Port to Fort 6K - Team Smile Savers Dentistry Did It!

About 2000 runners and walkers braved the chilly Sunday morning on May 5th to complete the **Port to Fort 6K Race**, from the waterside Port of Baltimore to Historic Fort McHenry. The Port to Fort event is held each year in support of **Believe in Tomorrow's** hospital and respite housing programs for critically ill children and their families.

Team **Smile Savers Dentistry** was there, sporting crazy socks and Got Teeth t-shirts. Thanks to everyone who sponsored our team. We are looking forward to making this a yearly event.

The happy Smile Savers Dentistry staff after completing the 6K run in Baltimore for Believe in Tomorrow!
