A WORD FROM DR. STEWART

Help for Those with Dentures

We are into a new decade now and everyone here at Smile Savers Dentistry is looking forward to providing more advanced and high tech dentistry for all of our patients who need it.

One of the most exciting procedures I will be performing in the office is one to help those who are suffering with their dentures. Using the advanced planning that our new CT X-ray machine offers, I can now have the ability to see exactly where we could place dental implants that could be used to anchor those dentures to the bone. This makes the dentures more comfortable and less extensive in their design. Because of this, eating becomes enjoyable again and food tastes better! It is a life changer for denture wearers.

If you'd like to learn more about this procedure, please call the office to schedule a consultation with me. I can't wait to help!

In Health,
Dr. Stewart

FEBRUARY SPECIAL

\$500 OFF

invisalign®

Expires February 28, 2020. Must present coupon at time of purchase. Cannot be combined with other offers.

FEBRUARY IS NATIONAL CHILDREN'S DENTAL HEALTH MONTH

February in the dental world is National Children's Dental Health Month. Many of us travel to schools to preach the need for dental health awareness to the kids. Attitudes and habits established at an early age are critical in maintaining good oral health throughout life. Brushing twice a day, flossing, and eating less sweets are all key to both oral and overall health. If your kids are overdue for their regular check-up and cleaning, this is a perfect time for us to remind you to give the office a call and get them on our schedule!

WE DON'T JUDGE.
WE DON'T LECTURE.
WE JUST HELP.

ACCELERATED INVISALIGN SUCCESS STORY

"Remarkable!"

"For years my teeth on the bottom have been very crowded and didn't look very good. I had been told by my previous dentist that since the way I smiled most people wouldn't see my lower teeth. However it bothered me, and Dr. Stewart thought Invisalign would be a great option. I decided to do it and asked for the option to accelerate the movement and in 23 weeks the majority of movement was complete. Dr. Stewart turned my bite over the next several months and I'm extremely happy that everything was 100% complete in less than a year!! Remarkable!" —R.B.

MISSION STATEMENT

Our mission is to help people put their past bad dental experiences behind them. We accomplish this through care, understanding and knowledge. We strive to make our patients comfortable and relaxed, and free of all excess pain. When a patient comes to us, possibly frightened or embarrassed about dental problems or a lack of regular dental care, our goal is to make them immediately comfortable. Over time, we aim to completely remove their fears of dentistry and to fully restore each of our patients to optimum dental health. We know that in doing so, we are helping each of our patients toward the goal of a healthier and happier life.
