## A WORD FROM DR. STEWART

### Look Better, Feel Better!

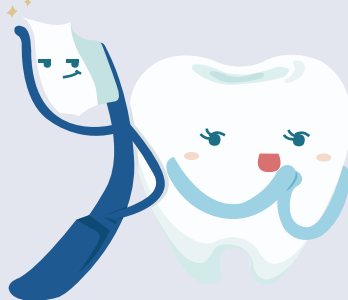

Healthy teeth and gums are connected to your overall health. A person who keeps their mouth healthy prevents the spread of bacteria from their teeth and gums into their bloodstream where it can cause other problems.

When you see us regularly you greatly reduce your risk of gum disease, infection, and cavities. Fewer problems, less expense, and less pain.

It's important to repair cavities, replace missing teeth, extract infected teeth and protect damaged teeth from further harm.

When your teeth develop a cavity, Smile Savers Dentistry will repair it with long-lasting and aesthetically attractive composite fillings. These fillings are safe, reliable, and durable.

In Health,  
Dr. Stewart

## We are committed to your safety, care and comfort!

Our priority is helping you achieve excellent oral health through quality dental care. Maintain good oral health; floss and brush daily and have regular professional dental cleanings and examinations.

Call to schedule your visit and **get the smile you've always wanted!**
