## A WORD FROM DR. STEWART

### *It's Time to Show Off Your SMILE!*

Masks are off and the next few months can throw off your usual dental routine. Oral health can have an impact on your overall well-being. This summer consider the preventative steps you can take to make sure your mouth and the rest of your body are healthy throughout the year.

#### Here are three ways to prevent summertime tooth decay:

1. Stay on routine: Brush and floss at least twice a day.
2. Drink water and snack smart: Try to limit sugar intake.
3. Make your back-to-school/end of summer dental visit early.

Let me assure you that when you come to our office for care, we will do all we can to make you comfortable, answer your questions and keep you informed every step of the way. My staff and I are committed to providing the highest standard of care in a warm and friendly environment.

I've learned from my years in practice that properly scheduled dental care results in far fewer problems, less expense and less pain! Call us today so we can get you on the road to perfect dental health.

In Health,  
Dr. Stewart

## Prevention is Key!

We're always here to help you if major dental problems arise but honestly, we'd rather help you prevent them. We have the tools to help prevent problems like cavities, abscessed teeth and gum disease in our office.

Working together, we have an excellent chance of preventing dental problems which cause pain to both you and your wallet.
