SMILE PROVOKING FUN FACTS

- Arrr Matey! September 19th is International "Talk Like A Pirate Day."
- On an average September day more babies are born in the US than on a day in any other month.
- George Washington never had wooden teeth. His dentures were made from gold, hippopotamus tusk, elephant ivory and human teeth!

★★★★★ Patient Success Stories

"I've been going to Smile Savers for over 6 years and it's been a great experience. I had a complicated invisalign procedure as well as multiple crowns and veneers placed and I have had no issues. In fact, Dr. Stewart was one of the only dentists in the area that was able to offer me the invisalign option due to the complexity of what had to be done, and it has worked out great." - P.F.

A WORD FROM DR. STEWART

Propel for Accelerated Invisalign Treatment

Great News! For all those people interested in straightening their teeth with Invisalign but dread having to take a long time to do it, well your day has come! I have just returned from an Invisalign summit in Las Vegas (*and yes, I did go to class*) and learned about a painless pre-surgical procedure that can speed up Invisalign treatment by 60% called Propel. Propel will help both your teeth shift and tissues heal faster than they ever could with the Invisalign treatment alone.

Propel works with your own biology by stimulating the bone surrounding the teeth. It turns on your body's natural healing properties to allow your teeth to move faster and easier through your bone. Because of this, Invisalign treatment results are much more comfortable and predictable, and there is less need for frequent visits to the office. Some of the dentists that have been doing this procedure for a while say most of their Invisalign cases are 4 months or less and involve less than 3 visits total! Pretty amazing.

Propel is gentle and discomfort is minimal with no recovery time needed. Only one or two treatments are usually required. (*More could be necessary for complex tooth movements.*) The Propel procedure only takes me a few minutes and we can even numb the area first if you prefer.

If you're interested in getting Invisalign now because of this new procedure; or if you're already in treatment and feel like there is no end in sight, give the office a call and set up some time to talk with me.

In Health,
Dr. Stewart

MAJOR DENTAL WORK COMING UP?

If you need major dental work, you can save 10% on any major dental treatment you need with the **Smile Savers Dentistry Dental Savings Plan**. Not only is this yearly plan designed to provide greater access to quality dental care in our office at an affordable price, it also offers a discounted fee for most services, only good here at **Smile Savers Dentistry**. The plan includes 2 exams and cleanings per year (*in absence of gum disease*) and you can save 10% on crowns, LANAP, dental implants, veneers, bridges, dentures, Snap-on Smile and periodontal treatments. **Save \$500 on Invisalign!** This program is a discount plan, not a dental insurance plan, and it cannot be used in conjunction with any dental insurance plans. We offer three different membership levels based on your individual family needs, so call us today to learn all about the many benefits and savings.

WE DON'T JUDGE.

SMILE SAVERS SUCCESS STORY

Invisalign for a Beautiful, Healthy Smile

"I have been wanting Invisalign forever and I was thrilled to begin the process at my favorite dentist office.

The care I received was extremely thorough. I am much happier about the appearance and overall health of my teeth. Thank you Smile Savers."

— A.S.

MISSION STATEMENT

Our mission is to help people put their past bad dental experiences behind them. We accomplish this through care, understanding and knowledge. We strive to make our patients comfortable and relaxed, and free of all excess pain. When a patient comes to us, possibly frightened or embarrassed about dental problems or a lack of regular dental care, our goal is to make them immediately comfortable. Over time, we aim to completely remove their fears of dentistry and to fully restore each of our patients to optimum dental health. We know that in doing so, we are helping each of our patients toward the goal of a healthier and happier life.
