A WORD FROM DR. STEWART

Smile Bigger and Brighter This Fall!

Get the dazzling smile you've always wanted with Zoom! teeth whitening. Clinically proven to whiten your teeth up to 8 shades in just one visit.

What is Zoom?

Zoom! Whitening is a simple and non-invasive form of laser treatment. It combines a special lamp and whitening gel to lighten staining from tooth enamel.

It's a fast and effective way to brighten your smile. The full Zoom! teeth-whitening treatment usually takes under an hour!

How Does it Work?

The hydrogen peroxide-based whitening gel covers your teeth and the powerful light emitted from the lamp, it breaks down. Then it dissolves a thin layer over top of the enamel and releases oxygen into the teeth. The oxygen then helps to flush out and get rid of tooth discoloration that has set in.

Your smile and health are important to us, we look forward to seeing you soon!

In Health,
Dr. Stewart

26th Annual Port to Fort 6K

Dr. Stewart and Smile Savers Dentistry will be participating in Believe in Tomorrow's 26th Annual Port to Fort 6K being held in Baltimore this year on October 29th starting @ 8:30AM.

The Believe in Tomorrow Children's Foundation provides exceptional hospital and respite housing, serving children from every state and more than 82 countries. Join us on this family friendly walk/run through historic Fort McHenry: www.Port2Fort.org.
