A WORD FROM DR. STEWART

More State-of-the-Art Dentistry at Smile Savers

I wrote a few articles ago that I was going to get a state-of-the-art X-ray machine called a CBCT (Cone Beam CT). *Well, it's on it's way!*

What this machine does is give me a 3D look at everything that pertains to your dental health. It allows me to see things that I may have been unable to see before. In addition to that, for those who want—and need—to replace teeth, you may be able to get dental implants now using a technique called Guided Surgery. It is a precise, less invasive and more predictable way to surgically place an implant using a guide that was computer generated from your scan. *Star Wars stuff!!*

I am excited! This will be one of the most profound advances in dentistry I've seen in my 30 years of practice and I'm happy to be able to offer it to all of you here at Smile Savers.

In health,
Dr. Stewart

HAPPY THANKSGIVING! WE'RE THANKFUL FOR OUR PATIENTS!

SUCCESS STORIES

"Dr. Stewart and Hunter were great. I felt comfortable and I honestly am not looking to go anywhere else for my dental treatments from now on." —B.D.N.

"Smile Savers Dentistry is amazing!! Dr. Stewart and his entire staff are fantastic and Kelly, Amber, Jess and Hunter have all helped me in my few visits here so far, and I can't picture myself going anywhere else while living in the Columbia area. Check them out, and thanks again to Smile Savers!" —E.H.

"I absolutely LOVE Dr. Stewart and his entire staff! I was extremely apprehensive about having my dental work done, but I was immediately put at ease by the kind, caring, non judgmental staff! Thank you for giving me my smile back." —J.K.

5 Tips for a Smile-Friendly Thanksgiving

As you enjoy dinner this Thanksgiving, keep your teeth and gums healthy with smart food choices. Here are some tips from our friends at Delta Dental:

- 1) Skip the sugar ...** Limit your dessert portion and follow it with a glass of water.
- 2) Cut down on starches ...** Mix up your plate to balance the starch with protein and fiber.
- 3) Avoid enamel stains ...** Skip the wine and stain-causing foods – or book a cleaning with us, afterward.
- 4) Guard against acid wear ...** If you can't skip acidic foods, lessen their impact with bites of other dishes and sips of water.
- 5) Load up on colorful vegetables ...** Fill your plate with an assortment of colorful veggies, full of smile-friendly vitamins and minerals.

MISSION STATEMENT

Our mission is to help people put their past bad dental experiences behind them. We accomplish this through care, understanding and knowledge. We strive to make our patients comfortable and relaxed, and free of all excess pain. When a patient comes to us, possibly frightened or embarrassed about dental problems or a lack of regular dental care, our goal is to make them immediately comfortable. Over time, we aim to completely remove their fears of dentistry and to fully restore each of our patients to optimum dental health. We know that in doing so, we are helping each of our patients toward the goal of a healthier and happier life.
