e) Charter Requests Procedure under Urban Designation

The General Manager stated that under Federal regulations the Transit Authority must run a notice in the paper stating that if there are no willing and able providers that we will be providing charter service within 90 miles of Monongalia County. This allows the private sector to object and say that they can provide the service. Central Cab from Waynesburg did object through this formal procedure.

Given Central Cab’s interest in providing local charters, the only way that the Authority can provide a charter is if the majority of the people are disabled or if we have a written agreement between the Transit Authority and Central Cab. The General Manager has developed a working relationship with Central Cab and has prepared a form that can be faxed to Central Cab on a case-by-case basis for approval or rejection. This procedure will not apply to anything that is open to the public and is prescheduled or advertised as such.
