OPPORTUNITY FOR PUBLIC COMMENTS:

A. Main Street Morgantown

The President of the Board of Main Street Morgantown, Dan Nagowski, and Terry Cutright, Executive Director of Main Street Morgantown, gave an update on the how the Transit Authority is involved with transportation concerning the Jitney Trolley Route and marketing of this service. Terri Cutright gave background information on how the Jitney Trolley program got started and why it is needed. For marketing Main Street Morgantown purchased eight Duratrans for advertising on the Trolley’s at a cost of $2880.00 dollars so that they could be factory installed. She further explained that Main Street had acquired a grant to cover half of this expense and Main Street was to cover the remaining $1,440 dollars. Director Cutright explained that the original plan was to recoup Main Street’s cost for the Duratrans through the operation of the shuttle. Revenues have not provided for this opportunity to date. Director Cutright, in effect, asked that the Transit Authority help pay for this cost by foregoing monies owed the Authority by Main Street Morgantown for other service provided by the Authority to Main Street.

The General Manager stated that to increase ridership on the Trolley the fare is free and the Trolley is operating during the hours that people have requested.

Larry Calemine suggested setting up a special Jitney Trolley Route that would be available during West Virginia University’s orientation program to give parents and prospective students a tour of Morgantown’s main points of interest.

Jenny Dinsmore made a Motion to deduct the amount of $333.13, current debt Main Street owes to the Authority, from the $1440.00 that the Transit Authority owes Main Street Morgantown for the Duratrans that were purchased. Frank Scafella seconded the Motion.
