CORRESPONDENCE:

The General Manager stated that a formal letter had been received from the County Commission informing us that we would be receiving funding for the Mountain Line Transit Authority for $350,000.00. The Mountain Line Transit Authority also received a letter from the West Virginia Division of Public Transit regarding Federal Funding indicating that it was increased $6,000.00 dollars making total federal funding $206,000 dollars for the year.

The General Manager indicated that under Sabraton Mall there is a letter addressed to Mountain Line Transit Authority Drivers concerning the route deviations that Geneva Johns mentioned at the July Board Meeting.
After checking out Mrs. John’s complaint, we discovered that the trips she is referring to are not deviations. It was discovered that when the route was initiated, it couldn’t be run the way it was originally set up due to road construction. The route was temporarily changed and was never changed back. We have now changed the Sabraton Mall route to the way it was originally set up to be run which it is suppose to go by the Department of Motor Vehicles and this trip is not a deviation.

Sandy Holepit questioned if our passengers really want to go to the Department of Motor Vehicles? Would there be a better way to run the route that would benefit more people?

The General Manager stated that the route runs on both sides of the Department of Motor Vehicles. We have a number of passengers that go there to get their license or photo I.d.’s.

The General Manager stated that there is also a letter from the County Commission about the announcement of the Transit Authority’s transportation contract for students of West Virginia University.

Bob Roberts stated that he had sent a letter to the County Commission apologizing for not contacting them before the press release. He said he had received a letter back from the County Commission thanking him for his response.

FINANCIAL REPORT:

A. Consideration of Approval of June 2001 Financial Report

Jenny Dinsmore made a Motion to accept the June 2001 Financial Report as presented. Bruce Gilbert seconded the Motion.

For: All Present and Voting

Opposed: None

The General Manager stated that the budget was in the red in the amount of $1,862.72. The budget for last year will have to be amended to reflect this. Last year’s budget has not been closed out. The budget deficit was caused by rising fuel prices and the continuation of the Sabraton Mall route which was not in the budget.

A. Consideration of Approval of July 2001 Financial Report

The General Manager stated that ridership is up over the same time last year. This makes 12 months that the ridership has been over compared to the previous year. Revenue is ahead of previous projections.

Bob Roberts asked if the Transit Authority has seen an increase since we have started accepting West Virginia University Student I. D.’s?

The General Manager stated that in the 6-day period the Transit Authority has provided over 400 trips using WVU ID’s and that ridership as a whole was over 850 trips per day (as of August 07, 2001) or 200 trips over normal.

Larry Calemine asked about advertising for this service.

The General Manager stated that there would be ads in the Daily Athenaeum the week of August 20th. He is also designing a sign for the door side windows on our buses. The copyright and design will have to be approved through West Virginia University.

The General Manager stated that the checks from the County Commission are not being sent in a timely manner. The first quarter’s check was received 30 days late.
Bob Roberts suggested making an informal contact asking the County to be more prompt in their payments.

The General Manager stated that he would make the informal contact.

Jenny Dinsmore asked if the Jitney would be billed quarterly?

The General Manager stated that it would be billed quarterly.

The Board announced the Authority’s July Driver of the Month, Mr. John Hemerick. The Board also recognized Clyde Lowe, Jim Huffman, Bernie Cordray and Bill George for outstanding performance during the month of July 2001.

**OLD BUSINESS:**

A. Sabraton Mall Survey/Service Update/ Sabraton/Mall Route Expansion Proposal

The General Manager stated that there have been surveys returned by Carol Weedfall, Geneva Johns, and Dale Johns. The rider counts on the Sabarton Mall has gone down. The cost per trip is $12.64 compared to the previous $11.20 per trip.

Bob Roberts stated that at this time we need to leave the Sabraton Mall Route as it is until we see how ridership is going to be and how financially stable it will become.

The General Manager stated that the Transit Authority Board had asked for a price on adding an 8:00 A.M. and a 4:00 P.M. run to the Sabraton Mall route. The cost would be $16,000.00.

Sandy Holepit asked to keep this in mind should the Transit Authority receive funding that could be used for this.

Larry Calemine asked if it would be possible to eliminate one of the present trips and replace it with an 8:00 A.M.?

The General Manager stated that there was really no clear pattern of use or non-use and presented a graph depicting ridership by time of day.

Jenny Dinsmore made a Motion to leave the Sabraton Mall route as it is. Sandy Holepit seconded the Motion.

B. Twenty-Five Cent Blue & Gold Fare

The General Manager stated that the Transit Authority Board had asked that the $0.25 Blue and Gold Fare be put on the agenda for consideration.

Bruce Gilbert stated that it was to do away with the $.25 fare.

Bob Roberts asked if the students and everybody else riding pay’s $.75?

Larry Calemine asked Bruce Gilbert what he proposed?

The General Manager stated that the Authority would be eliminating any transfer fee at the Depot or at the Health Department and anyone catching the Blue and Gold anywhere in between would pay $.75. He stated that the revenue on that is between $3,500.00 to $4,000.00 annually.

The General Manager stated that this is what he understood that the motion would be to eliminate the fare on the Blue and Gold at the depot and the Health Department anyone boarding the bus at any point in between would pay a $.75 fare.

Bruce Gilbert asked for the Purple Line transfers to be investigated and to see what the financial impact would be to eliminate the transfers.

Bruce Gilbert made a Motion to eliminate the fare on the Blue and Gold at the Health Department and anyone boarding the bus at any point in between would pay a $.75 fare. Jenny Dinsmore seconded the Motion.
