PRESENTATION

a) November 2003 Driver of the Month
The Board announced the Authority’s November 2003 Driver of the Month, Mr. John Hemerick. The Board also recognized Terry Lewis, Don Cummings, Robert Lee, Clinton Burns, Jake Cress and Bobby Dille for outstanding performance during the month of November 2003.

**OPPORTUNITY FOR PUBLIC COMMENTS:**

No public present.

**DATA SUMMARIES/CORRESPONDENCE:**

The General Manager stated that the Transit Authority had received two new 12-passenger box vans. Each one has a new back up alarm that will not let them be put into reverse unless the driver hits a button that says that he knows there is nothing behind him.

The General Manager stated that the Transit Authority has hired three new drivers Tom Jones, Rickey Gordey, and Jodi Anglin. Driver Rick Chappell has been taken off of his six-month probation and driver Roy Scott Jeffers has resigned his position to take a new job.

The General Manager stated that the total passenger trips were 29,524 for the month of November, up 19% over November of 2002, and for the year to date up 22% over total passenger trips for 2002. Disabled passenger trips were up 21%, senior passenger trips were down 4%, and West Virginia University ride with I.D. trips were up 24%. The cost per passenger trip was up from $6.08 per passenger trip in October to $8.26 per passenger trip in November. For the month of November, the Transit Authority traveled 47,748 miles, made 2,625 schedules, answered 143 Rail Trail questions and phone calls, and answered over 2,092 phone calls.

The General Manager presented a slide show on how the information that we have collected on the Gold Card Riders lets the Transit Authority know where the riders reside. This was compared to information that was collected during the 2000 Census as to where the seniors have their residence. This will help the Transit Authority see where the seniors are located and where possible new routes need to be developed. The new software will allow the Transit Authority to monitor ridership on a regular basis. The Transit Authority will also be developing a survey to help collect data as needed.

**FINANCIAL REPORT:**

The General Manager stated that the finances are on track. The balance sheet reflects that the Transit Authority has switched to the accrual basis for bookkeeping.

a. **Approval of the November 2003 Monthly Financial Report**

   David Flynn Made a Motion to accept the Financial Report for November 2003. Jenny Dinsmore seconded the Motion.

b. **Credit Card Charges Review and Summary**

   The General Manager stated that Finance Officer Paula Janis has confirmed the information concerning the credit card charges. The Transit Authority is currently being charged 2.57% per dollar amount and a $0.10 per transaction fee. Unless it is a business card, they are higher based on the dollar amount charged. We are charged a processing fee of $25.00 if we do not have processing charges that exceed the $25.00 limit. Visa and Mastercharge have a higher processing fee for a hand punched numbers than a swiped card. Huntington bank has been able to take our percentage fee down to 2.52%. The bank will forward a new contract to reflect this change in fee.

a) Maintenance Facility Update

The General Manager stated that he had taken the displays to the Westover City Hall, Morgantown City Hall, they were set up outside the County Commission Chambers, and they were set up for the Citizens Advisory Committee, for review.

Asel Kennedy would like to know about any job openings or resignations. He would like to see more employee satisfaction and relations surveys done.
The General Manager stated that he had asked each member of the staff to determine what they thought the goals for the Transit Authority should be. Once he received all of them he grouped them together in 8 categories and at each board meeting he will inform the Transit Authority Board Members of where the Authority is at on achieving each goal or when they have been completed.
