1) The month of May saw several changes related to personnel and staffing of Mountain Line operations. Some of those changes are noted below.

   a. Fifty-seven applications were received for the position of Administrative Assistant. Initial screening reviews for the top 14 candidates will be held on June 9 and 10 with anticipation of follow-up interviews and an offer the following week.
   b. The position of Shift Supervisor/Bus Driver has been offered to all full-time employees with an application deadline of June 11.
   c. Mountain Line will again benefit from the services of two Interns from the College of Business and Economics. One of these Interns, Aimee Harbour, is continuing her Internship from the Spring Semester.
   d. One additional Intern has been contracted from the WV Career College and will begin work on June 8.
   e. Employee training sessions are now being scheduled on a weekly basis to take full advantage of the additional availability of school bus drives as replacement drivers.

2) Mountain Line’s Agreement for use of the Depot as a Service Facility has been approved by the City of Morgantown and work is underway on the Depot facility. The structure is scheduled for occupancy by the middle of November.
