

Athlete of the month: Emma Kuzmyk

Congratulations to Emma! Emma committed to St. Francis Xavier University (Nova Scotia). Her STFX Coach has been doing backflips ever since! She is a great addition to a great X-Women's Soccer Team.

Emma has impressed scouts and coaches wherever she has gone, becoming an unbeatable force in goal. Her great play has often been a difference maker for PSI and previous clubs she has been part of. Standing at 6'0" Emma uses her length to cover all areas and give the opposition headaches. However, a great Goaltender is not made on size alone: Emma's keen eye for the game plus explosive athleticism has put her in a class above.

To make sure she is ready for the next level, and finish strong this season, Emma has been working hard at TWIST through the winter. While some may take a break once the season starts, Emma has kept strong & stays committed to her strength & conditioning program. Her goal is to arrive at St. Francis Xavier as an even more developed Goaltender than she is today!
