

# Quickly Fill Every Need with Walser® Matrices

25 sizes for upper and lower jaw – suitable for every matrix need.

**FIRST TIME IN NORTH AMERICA!**

- GOES ON EASILY IN SECONDS •
- BAND TWO TEETH AT THE SAME TIME •

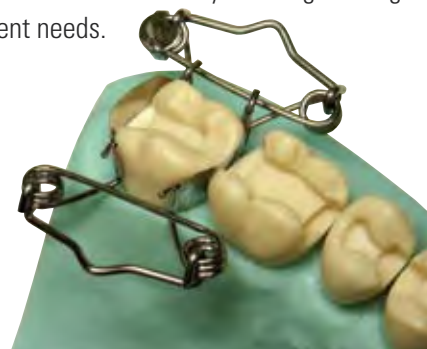

## Reusable Stainless Steel Matrix Bands

Walser steel matrix bands feature an assortment of shapes and sizes that virtually guarantee the perfect fit for all of your matrix needs. Fit and remove

the matrix in seconds and accommodate all types of needs, including: biplane fillings, MOD singles, front teeth, terminal teeth and extra-large molars. You can band two teeth simultaneously and even

fit them over a rubber dam clamp. Plus, patients can close their mouths and bite while the matrix is in place. Call and order today and begin filling all your patient needs.
