The funds are being distributed equally among all students eligible for the grant. Students must have been attending the campus on March 13, 2020 in an eligible program and remained in school but had to transition to temporary online education. Only students who are or could be eligible to participate under Section 484 of the Title IV of the Higher Education Act of 1965, as amended may receive this emergency assistance. Documented proof of eligibility is required on any student included in the eligible student list. Students who did not receive Title IV funds towards their education but have proven to have met the eligibility requirements have been included in the list of awards.

The school director will distribute the checks to the eligible students. Students receiving these checks must sign for receipt as well as sign the CARES Act Student Agreement Form. The CARES Act Student Agreement form outlines the terms of the grant funds. Any check not cashed within 90 days will be cancelled and the funds will be distributed among the remaining eligible students during the final check issue. Checks to current students will be

issued in two checks. Graduates will have their funds issued in one check. The first check issued on or around 10/15/2020, the second check issued 90 days later by 01/15/2021.

The initial pool of eligible students is 26 students with an estimated final award of \$1484.00. The final award may vary depending on if any checks are not cashed by the 90 day deadline. The accounting of the funds will be documented by the school and reported to the U.S. Department of Education.

Sincerely,

Judith Stewart
