## Welcome

---

At Venetian Plastering, we aim to inspire through the use of colour and texture, by adding a touch of elegance to surfaces, which elevate the way a space looks and feels. A specialism in luxurious Venetian plastering allows us to create exquisite surface designs that deliver a highly versatile finish to be used throughout a variety of environments, both internally and externally.

## About Us

---

We provide you with a full range of finishes using the finest of natural eco-friendly, solvent free materials, perfect for enhancing any environment. Each one of our finishes is bespoke for our clients' unique requirements and carefully handcrafted to create an authentic effect. Walls, ceiling, flooring, and any other surfaces can be transformed into intricate displays of decorative art, using the finest of plastering materials.

## The History

---

Traditionally, lime plasters were used as natural finishing materials for ancient civilisations, including the Babylonian, Greeks, and Romans, demonstrating the historic importance of Venetian plastering. Therefore, the distinctiveness of Venetian Plastering lies within its ability to perfectly combine traditional architecture, with contemporary decor.

## Who We Supply To

Our bespoke services are ideal for a range of clients, with unique requirements who want to accentuate their surfaces with an elegant and luxurious finish. The versatility of our plastering solutions enable us to accommodate a variety of clients and surfaces, including both commercial and residential projects. Our services usually attract clients who have specific requirements and want to lavish their spaces with unique delicate textures that come from high quality, trusted materials.

## Innovative Elegance

Our mission is to interpret and deliver bespoke solutions and textures that make it possible to transform earth's natural matter to best meet the vision of the people who live and breathe mind blowing interior spaces. By utilising our high-end materials we achieve elegance.....

Expertly incorporating metal, marble and stone within the fabrics of our work allows us to offer a promise of a contemporary design for you that still encompasses elements of traditional beauty. Our products are naturally non-allergic and non toxic and prevent any development of mould and bacteria.

We thrive off new lifestyle requirements with innovative solutions, improving the quality of life. of traditional beauty. naturally non-allergic and non-toxic, prevent any development of mould and bacteria. At Venetian Plastering, we aim to inspire through the use of colour and texture.

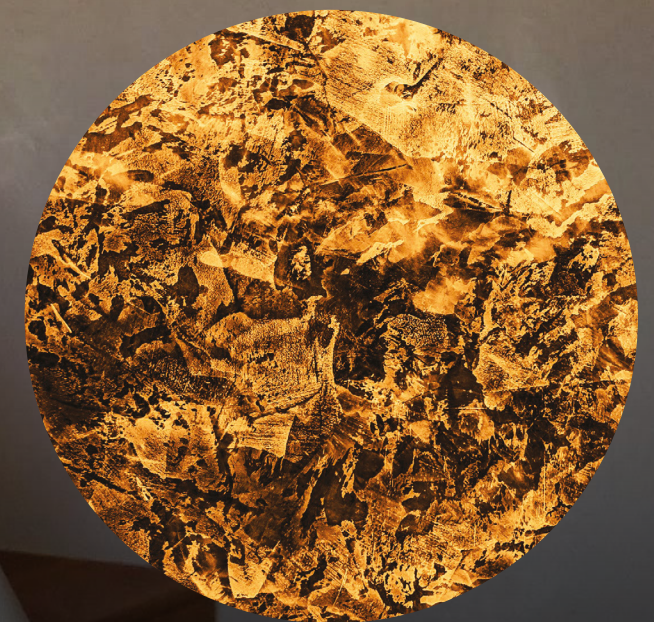

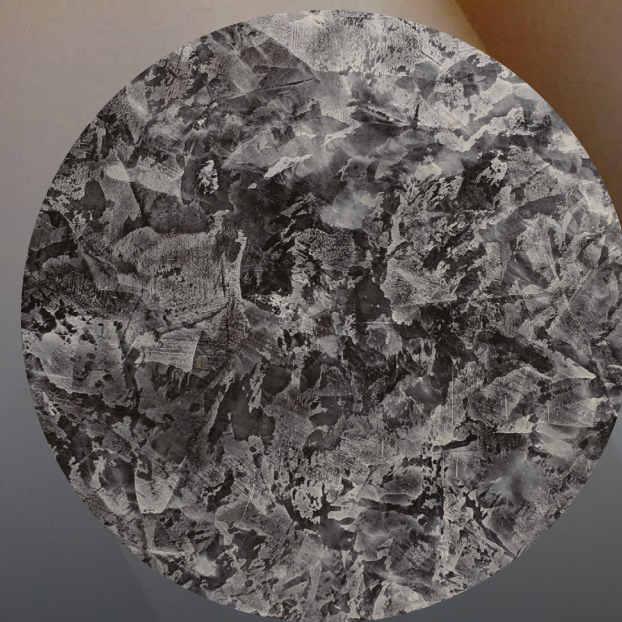

## The Quality Of Our Materials

Venetian plastering is made using a refined, lime-based plaster to which marble powder is added, along with hand-picked coloured pigments for different effects. When selecting our materials, we prioritise natural lime plaster to create that beautiful light and reflective property of marble, without the heaviness of unnecessary added elements. Our unique colour collection forms a special selection that satisfies every interior design's requirements. The versatility of our finishes lies within the fully waterproof properties of Venetian plastering, making it ideal for bathrooms, wet rooms, and even kitchens. These additional properties are essential in adding a beautiful touch and seamless finish to your home or workplace.

All our finishes are applied with a stainless-steel trowel for a smooth polish and can then be sealed with natural wax to achieve a luminous shine. For a more lavish coating, we can create specialist architectural

trowel on coatings with metallic highlights, such as gold, silver and bronze.

Our finishing products, our authentic plaster is sourced from the highest quality products from around the world, naturally containing benefits that reach beyond its elegance and stunning aesthetics. Our materials are therefore completely eco-friendly and solvent-free, proving that luxury can be accompanied with a low environmental impact. Similarly, our finishes carry hygienic characteristics, guaranteeing high levels of breathability and air circulation, as they're naturally non-allergic and non-toxic, prevent any development of mould and bacteria.

## The Quality Of Our Service

As part of our passion to transform your surfaces to look and feel as luxurious as the rest of your environment, we continuously strive to provide an exceptional level of service. We understand that you have a precise vision for your home and our aim is to deliver this for you, with a luminous finish that brings grace and refinement to any space. Our extensive knowledge and professional experience of Venetian plastering is what helps bring your precise visions to life. By delivering an exclusive variety of finishes, our premium solutions offer versatility in the types of surfaces that we work on when polishing them with the highest quality of textures. Our precise skills and attention to detail enhance the personality of any interior and exterior spaces by adding a touch of texture and
