

BROOKS COUNTY ISD  
SCHOOL HEALTH ADVISORY COUNCIL MEETING  
.....SHAC.....

Tuesday, March 21, 2017

The SHAC met Tuesday, March 21, 2017, at the Falfurrias High School Conference Room.

The meeting started at 9:15 a.m.

In attendance were: Jaime Garza, Araceli Sanchez, Lupita De Luna, Angela Morones, Rosie Perez, Maricelda Molina, Idolina (Kookie) Gutierrez and Pua Lani Guerra.

Lupita began the meeting by noting that our partners from Healthcare Unlimited did not reply regarding this meeting and we therefore did not have any information on their success with gathering donations from our local businesses. Requisitions to Walmart and HEB had been sent and HEB had responded and the funds (\$250) should be arriving at the beginning of April. Gulf Coast Eye Institute also pledged \$250. Also received was a check from Women's and Men's Health Services for \$50. Pua Lani will be following up with the Sherrif's Dept. Lupita went on to say that the Police Dept. will also be involved. They pledged to buy Easter baskets for the children. Rosie will have one of her workers check with the Fire Dept. about cooking the hot dogs that will be purchased with funds donated by Sherrif's Dept.

The amount of donations will determine how much we can do for the community and their children.

Will be inviting local Churches to participate in this community event. A separate letter will be sent. Face painting was mentioned. Lupita will ask if one of the church members if she could bless the children with some face painting, etc.

It was mentioned by Pua Lani that there had been less participation in Jump Rope for Heart this year, but she will be working with those that do. Araceli said Lasater will probably have some dancing.

The exhibitor list is growing and are expecting more as the time draws near.

It was also noted that there was a good turn out of exhibitors and parents for the Parental Involvement Conference.

Next meeting was scheduled for April 4, 2017.
