

# style. efficiency. safety.

The Wayne Dalton Model 9405 is rugged, low maintenance, and thermally efficient. This model includes important safety features like our exclusive pinch-resistant design.

These beautiful carriage house doors can be custom painted to add extra style and charm to the exterior of any home.

*Model 9405 Lexington panel, White finish, Clear II windows, Decorative hardware*

## PERFORMANCE FEATURES

### Pinch-Resistant Door Panels

Pinch-resistant door panels are designed to push fingers safely out of harm's way when the door is closing.

### TorqueMaster® Plus Counterbalance

The Wayne Dalton TorqueMaster® Plus is the first counterbalance system to seal springs safely within a steel tube. It contains an anti-drop feature that reduces the risk of door free fall.

### Thermal Efficiency

The foamed-in-place polyurethane insulation with an R-value of 10\* improves the thermal efficiency of a home and blocks unwanted street noise from entering living areas that adjoin the garage. The steel backer adds beauty and strength to the interior of the garage door.

Model 9405 offers a Limited Lifetime Warranty against cracking or splitting due to rust-through and against degradation of the foam insulation. See full warranty for complete details.

\*Wayne Dalton uses a calculated door section R-value for our insulated doors.

# 1 Choose Your Style

Charleston

Newport

Lexington

Oak Park

Providence

Westfield

Hampton

Camden
