*il bijoux di design*

*che ti veste*

*Grazie alla grande creatività di Patrizia Guccione,  
il plexiglass dà vita a bijoux dal design accattivante ed elegante,  
facilmente abbinabile ad ogni tipo di look.*

*La possibilità di lavorare una vasta gamma di colori,  
anche nelle versioni metallizzato e satinato,  
ci consente di soddisfare le esigenze più disparate  
ed i gusti più stravaganti.*
