Introducing Evolve and Evoke

Non-surgical Body Contouring and Skin Tightening

EVOKE

FACE AND NECK REMODELING

Evoke's hands-free facial applicators deliver proven bipolar radiofrequency (RF) energy to the cheeks, neck, and jawline.

EVOLVE

Tighten, Trim & Tone

Evolve is an innovative hands-free solution that maximizes patient results and provides the highest quality of aesthetic treatments available. This all-in-one platform delivers multiple technologies on one system to remodel skin, target adipose tissue and tone muscles.

New Employees Spotlight

CRISTAL BOATRIGHT, MMS, PAC

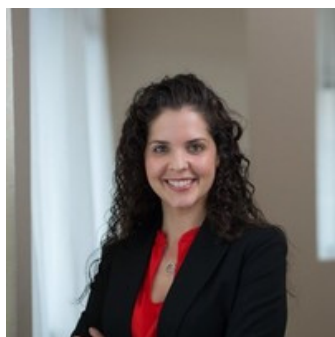

Clinical and Marketing Director

Joining our team, with over a decade of experience caring for patients with venous disease, Cristal brings passion and expertise to all aspects of patient care. A Florida native,

Cristal holds a Biology degree from Florida International University and a Master's degree from Nova Southeastern University, as a Physician Assistant. After graduating from Nova Southeastern, Cristal began her career in venous care in the Miami area, then moved to Fort Wayne, Indiana, to operate a vein clinic opened by a local radiology group. Cristal participates in industry educational conferences, seminars, and national awareness campaigns. She is delighted to be back in Florida, educating and treating the Jacksonville community.

"We are invested in every aspect of patient care. I make it my mission to educate my patients about all their needs and ensure I guide them through their treatment."

"Our new employees are an asset to our practice. They are here to serve you and make your visit a pleasure."
