

We Are Not Your Average Funeral Home

There is nothing average about us! We aspire to be different. Our secret for success at Shook's Cedar Grove Funeral Home, which increased our business tenfold, has always been to give uncompromising service, the most stately and incomparable facility, at an average or below average cost. This tradition carries over to our newly renovated funeral home in Roseland, Shook Farmer Funeral Home. I am proud to announce to our community that we just completed a handsome upscale renovation. Our Roseland facility offers two new State Rooms. Our main State Room is palatial, and among the largest Chapels in the state. This spacious and gracious funeral home is timeless. We can accommodate any size or type of funeral service, depending on your family's needs. We spared no expense in transforming this facility into the most high end, elegant, and majestic of funeral homes. We encourage you to view our lush facilities. We are incredibly proud of accommodating New Jersey with the best of the best!

We would like to share with you the improvements made in our unique and outstanding funeral home. The interior architecture references the classical Adam's period style. We chose carpets made of the finest English wool, the furniture is Chippendale and Sheraton and made of walnut and mahogany, the lighting is Swarovski's best crystal, we carefully selected the most beautiful European wall coverings, and the art program is made up of museum quality oil paintings, engravings, bronzes, and marbles. With all that we have to offer, we should charge more than an average funeral home, but we don't! We are a great value in funeral service. In fact, it is not by accident or chance that last year, over 400 families from towns far away, chose and placed their trust in us with their loved ones. Since our renovation, we have had many families inquire about transferring their Pre-Need

funerals to us. We graciously accept them with no additional cost. This can be done in advance or at time of service, as we will handle this for you.

We encourage you to contact us to visit our facility, and we are always available any day or the week and at any time, to accommodate your needs. By no means are we a corporate owned facility; we are privately owned for over 35 years. Our success lies in the foresight of knowing what our families need, and making it possible. We strive to make each and every funeral personal, with impeccable attention to the specific needs of each family we serve. The perseverance of professional, concise care from every member of the staff is the service element which separates us from other local funeral homes. The timeless elegance of our facility, converging with our exceptional, family-focused based service, makes the Shook-Farmer Funeral Home a sound choice, offering each family peace of mind during a delicate time.
