Supplies Limited.

## Ladder Frame Tower

It is available in two widths: **SINGLE WIDTH 0.7M WIDE**  
and **DOUBLE WIDTH 1.35M WIDE Tower**

Both single and double width ladder frames are  
available in three, four and five rung sizes to provide  
maximum platform options.

The tower comprises the minimum possible multi-  
purpose components, no separate ladders or guardrail  
frames are necessary.

All frames can be used as uppers or lowers simply  
brace your platform on the third rung below the top of  
the tower and the correct guardrail height is achieved.

The Ladder frame tower is approved to TUV BSEN 1004  
European standard.

# Our Products

## Stairwell Access Unit

For safe access on both industrial and domestic stairwells.

The basic stairwell pack provides a platform level of 2.7m from the lowest step.

The unit is 0.7m wide, and features special narrow base plates, adjustable legs and non-slip platform boards.

Easy access from both sides of the stairwell unit to the platform is provided by a walk through ladder frame. Simply walk through the frame and climb the ladder.

This frame design solves the access problems experienced on narrow and domestic staircases.

Integrated access frame so access on the staircase can still be obtained.
