

Technical People *Placing Technical Talent*

Finding highly skilled technical employees can be time consuming and expensive. And trying to find a new career can be an overwhelming and frustrating process.

Seifert Associates, Inc. is here to help. We are a full-service technical staffing firm dedicated to helping our clients achieve their human resources goals while delivering top quality service.

Working with Seifert Associates will make your operation more cost-efficient, eliminating long and expensive searches for skilled technical people. We are continually looking for the best talent at all levels, for both on-site or remote work. Our extensive database of professionals allows us to send you the right candidate to meet your unique staffing needs and maximize your ROI.

For over 30 years, Seifert Associates, Inc. has been dedicated to developing long-term relationships with our clients through honesty, integrity, and exceptional customer service that is unmatched in the industry.

We can recruit and place local candidates or use our vast network to service all of your facilities, regardless of their locations. We have one goal, to exceed your expectations. Contact us to see how we can help you with all your hiring needs.
