

# KINGSROYAL GLIDE

# KINGSROYAL<sup>GLIDE</sup>

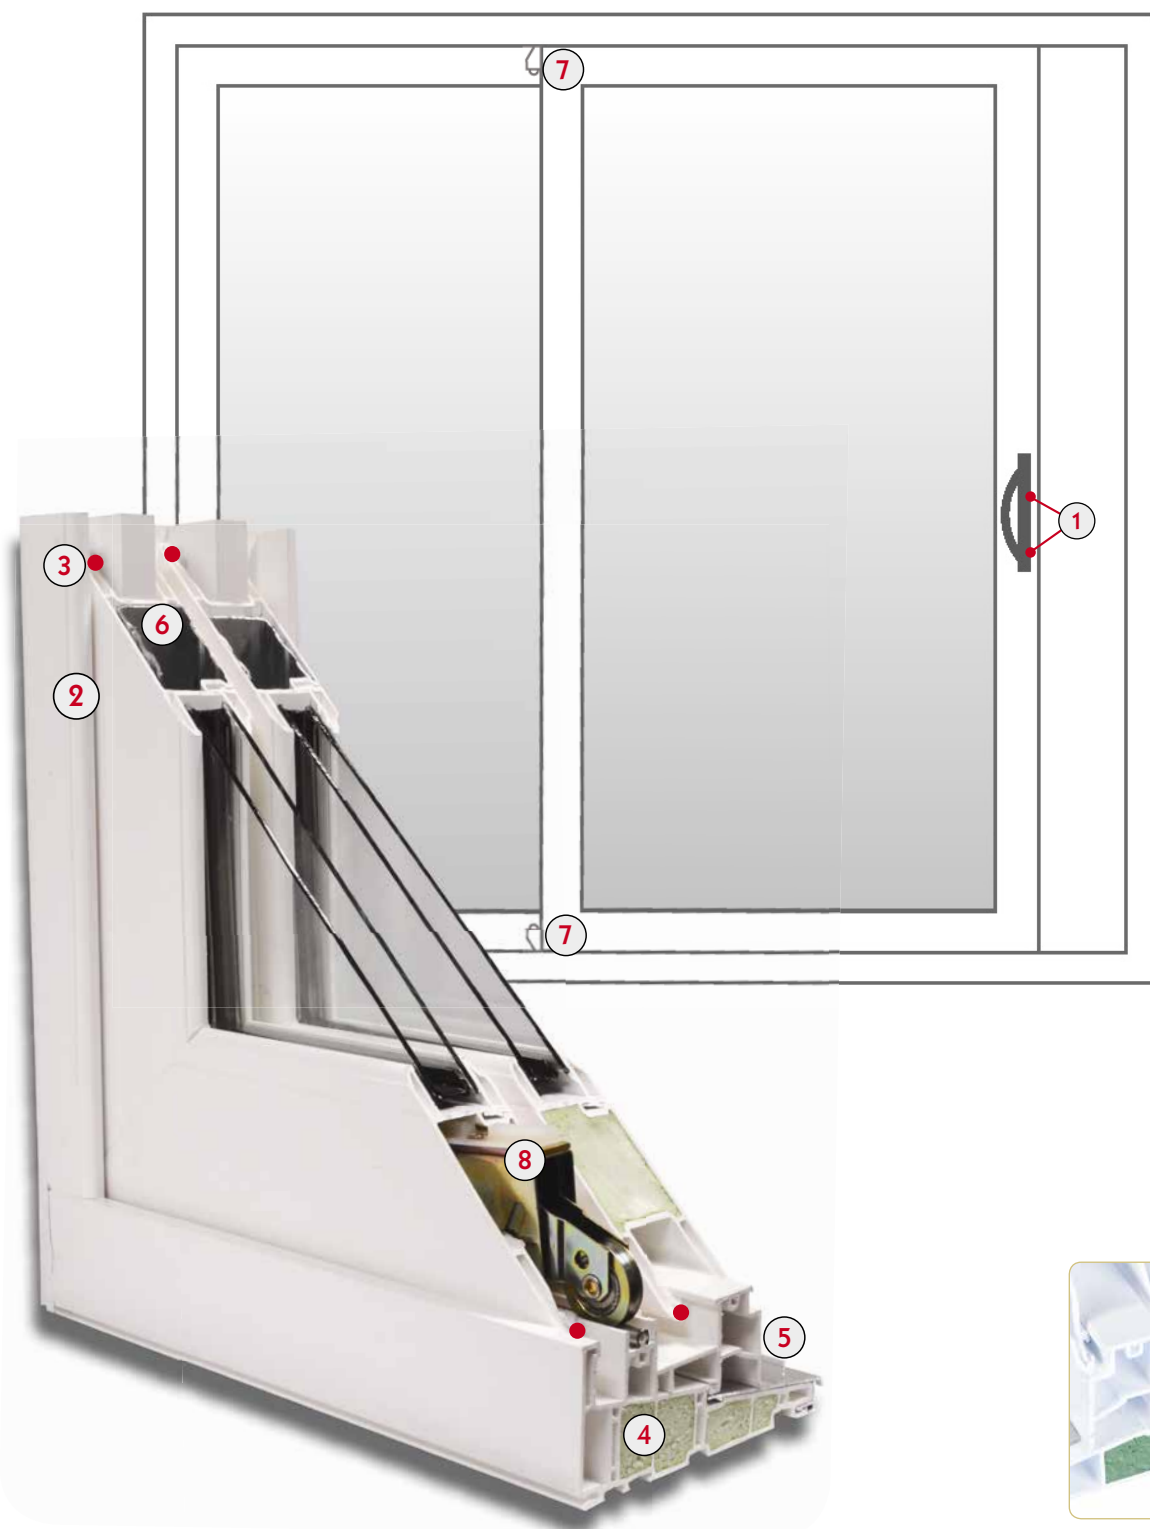

Our Kingsroyal Glide™ will beautify any room . . . especially when combined with side-lites and transoms. Your numerous aesthetic options with a Kingsroyal include eight different designer handles, unlimited exterior colors, five interior woodgrain finishes, and a wide selection of grid patterns. For your comfort and peace of mind, we've loaded this door with features that make it more durable, more energy efficient, and more practical than almost any other door on the market. Enhance the appearance and value of your home with a new Kingsroyal Glide custom-designed to your personal tastes.

## Soft-Lite® Lifetime Warranty

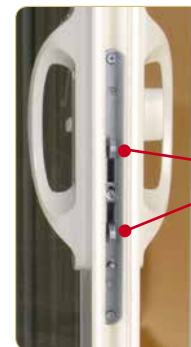

Our Lifetime Warranty is designed to protect your investment and our reputation. It guarantees that our patio doors will not rot, rust, warp, pit, corrode or blister, and that our vinyl colors will remain true for the life of your home. Our Lifetime Warranty is non-prorated and is fully transferable.

We also warrant all moving parts and the hermetically insulated seal against defects in materials or workmanship. Finally, we offer the ultimate in protection with a lifetime glass breakage rider for extra peace of mind.

# KINGSROYAL<sup>GLIDE</sup> Advanced Technology Features

- 1 Our 2-Point Mortise Locking, stainless steel system securely locks the door into the jamb.

- 2 Kingsroyal's cove-moulded sash stiles and rails are 3-1/2" wide. This design provides for a slimmer-looking sash and allows for more viewing area through the glass.

- 3 UltraSmart<sup>TM</sup> Triple-fin Weatherstripping with UltraFresh<sup>®</sup> antimicrobial protection minimizes drafts, dust, and pollen, and fights the growth of mold and bacteria. Multiple weatherstrip contact points ensure extra protection. (Weatherstrip locations indicated by a ● in photo.)

- 4 We fill our frames, rails, and stiles with injected, R-5 ComfortFoam<sup>TM</sup>, an excellent insulator that improves the door's thermal effectiveness.

- 5 An aluminum capped threshold provides durability and longevity in the area of the door that catches continual abuse from foot traffic.

## AAMA Gold Label Certification\*

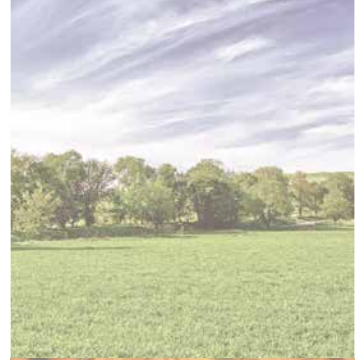

<b>Air:</b>	0.06 cfm at 25 mph – 5 times better than industry minimum of 0.30 cfm
<b>Water:</b>	R50 54 mph – 8" rain per hour
<b>Structural:</b>	DP 50 171 mph

\* Above values are for a DP 50 door. DP 40 doors are also available.

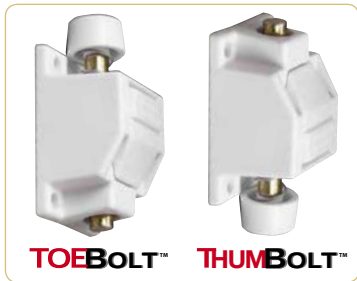

## MiniBlinds Between The Glass

Never clean miniblinds again. No more fussing with shades and blinds. No more hardware screwed into your beautiful wood trim. Internal, hermetically-sealed mini-blinds are the perfect answer for the discerning homeowner. Now you can enjoy all the beauty of your finely crafted door and trim. All Kingsroyal Glide™ doors are available with internal miniblinds in a tilt-only option. Certain restrictions apply. Available in white or beige. Not available with grids.

- 6 We manufacture Kingsroyal doors with metal reinforcement in all vertical sash stiles, which makes the doors exceptionally strong and durable.

- 7 Kingsroyal Glide is available with an *optional* heavy-duty ToeBolt™ or ThumbBolt™. These effective vent-stops prevent the door from opening more than 3-inches while still allowing for some ventilation.

- 8 Our heavy-duty, ball-bearing, DuraRoller™, with its 1-1/4" diameter dual wheel, keeps your door reliably on track. The roller is fully adjustable to accommodate seasonal foundation shifts in older homes. (Optional stainless steel DuraRollerSS also available.)

## Allure™ Handles

Soft-White™

Beige

Cocoa

Pontiac Gold

Our beautiful Allure handles come in four durable painted color finishes\* designed to accent any decor. Each handle set is keyed on the exterior and activates a heavy-duty, stainless steel, two-point locking mechanism. The lock system latches securely into the jamb.

## Signature™ Handles

Nickel

Brass

Antique Brass

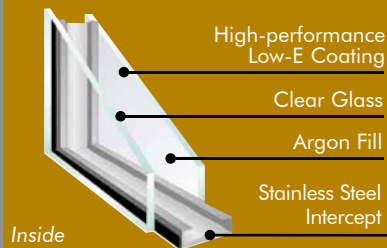

Oil-Rubbed Bronze

Kingsroyal™ offers an optional upgrade to our Signature handle which also comes with a two-point stainless steel locking mechanism, also keyed from the exterior. These stunning Signature handles are available in four polyurethane-coated metal colors\*.

\*Actual handle colors and finishes may vary from printed brochure. Please see your Soft-Lite Dealer for actual color and finish samples.
