Dear Neighbourhood Watch Members

I am acutely aware that the local community are worried about the recent rape that happened in Warlingham and I would like to reassure you that we remain committed to identifying the man responsible.

Our colleagues from the Safeguarding Investigation Unit would like to express their thanks to the local residents who have been calling in with offers of CCTV footage and information which may be of help to the investigation. There is no such thing as too much information, and all legitimate lines of enquiry are being investigated and prioritised.

I would like to reiterate that I believe this to be an isolated incident, however officers will be continuing to conduct high visibility patrols in the Westhall Road area and I hope that the increased presence of our officers provides some reassurance to the local community.

If you have any concerns or worries, please do not hesitate to speak to the officers on patrol.

Residents with dash cameras and home CCTV are encouraged to review footage for anything deemed suspicious between 10pm on Saturday night May 25th and 12.30am on Sunday morning May 26th.

If you have information, no matter how small you think it might be, please contact us on 101 with the reference PR/P19117103.

Dan Gutierrez
