When you provide us with the information to prepare your income tax return, it is important that you provide us with all relevant information to assist us in completing your tax return accurately and efficiently. We have put this checklist together to assist you in compiling the basic information that we need.

This checklist is not a substitute for completing and preparing all the required labels of your income tax return.

INSTRUCTIONS:

1. Complete the Personal Information section. Ensure your name is completed and any **change** of details are noted.
2. Please answer all questions below by placing a tick or a cross in the relevant box.
3. Where details are required to be forwarded please attach the original papers in the order of the checklist questions (this will make it easy for us to find the important details).
4. Any incomplete questions or items marked unsure will be followed up with you.

Any incomplete checklists or items marked "unsure" may delay the completion of our income tax return preparation.
