

Hotel Blackhawk

Hotel Blackhawk

200 East 3rd Street • Davenport • Iowa

The once glorious, high-end Blackhawk Hotel was built in 1915 during an economic boom period in Davenport. It was originally a seven-story hotel, but in the 1920's, money was flowing into the city and four additional stories were built. This created a 400-room brick hotel with a fancy frontage, complete with marble accents around the windows.

After a top-to-bottom remodel, Hotel Blackhawk reopened its doors in December 2012 featuring 130 hotel rooms and 20 luxury apartments.

Live in a fabulous hotel with all of its amenities just an elevator ride away!
