

Women's Ministry Task Force Presentation

**To inspire and train
women servant leaders
around the globe
to grow spiritually,
to connect,
and to advance the gospel
in a powerful way.**

WOMEN'S MINISTRY TASK FORCE Description:

The function of the Women's Ministry Task Force is to provide global communication, connection, and training for women servant leaders. Based on the most recent surveys and feedback collected by the Women's Service Team last year, the Women's Task Force should focus on four main areas of activity:

- 1) Coordinating the theme for an annual Global International Women's Day of prayer, fasting, and action in March;**
- 2) Providing and Distributing Leadership Training Resources;**
- 3) Creating NEW Web-Based Resources; and**
- 4) Inspiring, Raising up, and Connecting the Next Generation of Young Women Leaders.**

We look forward to engaging more women from around the world in the activities of the Women's Ministry Task Force, including more women from different age groups and seasons of life. We are very proud of the dynamic and diverse women's ministries in our ICOC churches. Our hope is that the work of the Women's Ministry Task Force will be a harmonious complement and effective support to them in their efforts to minister to the spiritual needs of the sisters around the world.
