trimming dimensions

- 1 7" x 5"
- 2 3.25" x .5"
- 3 5" x 3.5"
- 4 3.25" x .5"

card instructions

- 1 Make a 5.5"x4.25" card from white cardstock, with the opening on the bottom. Round the bottom corners.
- 2 Trim a 5.5"x4.25" piece of grid patterned paper from the Crate Paper Flea Market 6x6 paper pad. Center and adhere to front of card. Round the bottom corners.
- 3 Trim a 5"x3" piece of blue paint chip patterned paper from the Flea Market 6x6 paper pad. Trim a 3.25"x1.5" piece of coordinating patterned paper and punch a large scallop edge along one long side. Adhere the scallop piece to the back side of the blue piece, allowing the scallops to show below the bottom edge. Adhere entire piece to front of card, centered left to right and slightly offset to toward the top edge as shown.
- 4 Trim a 2.5"x1" piece from kraft cardstock. Using black ink, stamp "thank you" sentiment onto kraft piece. Trim a 2.5"x1.5" piece from coordinating patterned paper. Punch a small scallop border along the bottom edge. Adhere "thank you" sentiment piece to scallop piece as shown. Adhere entire piece to card, flush with the left edge of the blue paint piece.
- 5 Trim a 2.5" square piece from coordinating patterned paper. Using the corner-shaped floral from the Stampin' Up! So Very Grateful stamp set, stamp image onto square piece. Color the two medium flowers using a BG11 Copic marker. Color leaves and small flowers using a white paint pen. Color large flower (except center) with white paint pen. Color center with BG11 marker. Accent centers of flowers with white paint pen.
- 6 Punch a small scallop border along one edge of a scrap of kraft cardstock. Trim piece to measure 2.5" long. Layer this along the back side of the 2.5" square stamped piece, allowing the scallop edge to peek out from the bottom. Wrap the top portion with blue/white twine and tie a bow on the left side as shown.
- 7 Using low profile dimensional adhesive, attach a small wooden button to the center of the bow. Attach entire piece to right side of card as shown.
