card instructions

- 1 Make a 4.25"x5.5" card from kraft cardstock, with opening on the right.
- 2 Trim a 4.875" x 5.125" piece of dark grey grid paper.
- 3 Trim a 3.75" x 1.75" piece of multi-striped diagonal paper. Adhere it to the bottom of the dark grey piece, leaving a thin margin around the top and left/right sides.
- 4 Trim a 1.25" x 3.25" piece from the light blue honeycomb, black/white numbers and yellow chevron patterns.
- 5 Adhere the light blue piece to the left side of the card, directly below the diagonal striped piece as shown.
- 6 Adhere the black/white numbers piece directly to the right of the light blue piece.
- 7 Adhere the yellow chevron piece directly to the right of the black/white piece.
- 8 Using a paper piercer, poke alternating holes down the seams where the light blue piece meets the black/white numbers, and where the black/white piece meets the chevron piece. Hand-stitch the zig-zag down each seam. Alternatively, you can machine-stitch this step.
- 9 Trim a 4.875"x.5" piece of yellow solid (from the paper pad). Border punch the bottom edge with a postage stamp border. Adhere this strip horizontally across the seam where the three strips meet the diagonal piece.
- 10 Wrap red burlap twine around the yellow strip three times and tie it off in a bowl on the right side as shown.
- 11 Using a circle punch or circle cutter, cut out a 3.75" piece of red patterned paper. From the corrugated kraft cardstock, cut out a 2.5" circle. Layer the two together.
- 12 Adhere the matted circles over the center seam using foam adhesive.
- 13 Adhere the "Thank You" sticker to the center of the corrugated circle. Adhere the yellow ruler sticker to the left side of the Thank You.
- 14 Attach the mini clothespin to the top, right corner of the circle.
