- 4 4" x 2"

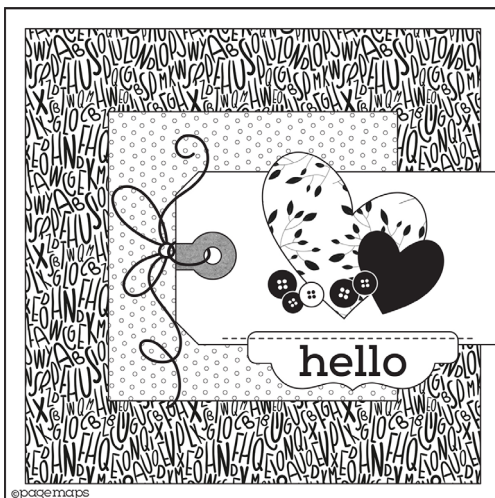

card instructions

- 1 Make a 6" square card base from white cardstock with the opening on the bottom.
- 2 Trim a 5.75" square piece of mauve cardstock and adhere to center of card base.
- 3 Trim a 5.5" square piece from Smitten (floral side) patterned paper. Trim a 4.25" square piece from aqua cardstock. Adhere aqua piece to center of floral piece. Machine-stitch around the perimeter with a zig-zag stitch as shown. Adhere panel to center of card.
- 4 Trim a white shipping tag to 2.25"x4". Emboss with mini dot embossing folder. Attach horizontally to card as shown, .25" from the top of the aqua piece.
- 5 Hand-cut two hearts from the Heartthrob patterned paper, trimming beyond the edge of each heart to capture a bit of the kraft background. This will create a faux mat around each heart. Overlap hearts and adhere to center of shipping tag.
- 6 Using an electronic die cutter and PMU exclusive cutting file, cut "hello" sentiment from a piece of aqua cardstock. Trim one of the banner shapes from the Elements #2 patterned paper. Adhere the die cut sentiment to the banner with a glue pen. Using dimensional adhesive, adhere the sentiment piece to the shipping tag, just below the hearts.
- 7 Remove two blue flower stickers from the cardstock sticker sheet. Cut the leaves from the larger flower sticker and adhere to the left heart as shown. Add blue flowers over leaf piece. Adhere white adhesive pearls to the center of the flowers.
- 8 Adhere a small blue flower sticker to the bottom right of the banner. Adhere the remaining leaf, previously cut from the large flower sticker, as shown. Adhere white pearl to center of flower.
- 9 Cut two 6" lengths of white twine. Tie into a double bow as shown. Adhere to the right of the hole on the shipping tag, as shown, with wet adhesive.

cutting files

NOTE: cutting files are provided in .silhouette, .svg and .dxf formats and work with most leading electronic die cutters (Silhouette, Boss Kut, Cricuit Explorer, Pazzle, etc.) that can open these file formats. If you do not have an electronic die cutter, you can print this page and hand-cut the shapes with a craft knife or small scissors.
