card instructions

- 1 Make a 7"x5" card base from smooth white cardstock, with the opening on the bottom.
- 2 Trim a 6.75"x4.75" piece of dark blue cardstock.
- 3 Trim a 6"x4" piece of light blue diamond paper. Center and adhere to the piece of blue cardstock.
- 4 Using a red piece of paper from the 6x6 paper pad and the top portion of the ice cream cone die, die cut nine mini hearts. Attach the hearts along the border between the blue cardstock and the light blue diamond papers with a glue pen. Machine-stitch a zig-zag pattern along the same border and across the mini hearts.
- 5 Trim a 5.5"x3.5" piece of multi-color diagonal stripe paper and a 5.5"x2" piece of red mini triangle paper. Adhere the mini triangle piece to the diagonal stripe piece, centered top to bottom and flush with the left and right edges.
- 6 Die cut two 1.75" circles and one 2.5" scallop circle from smooth white cardstock. Adhere the two smaller circles to the mini triangle piece, approximately 1.5" from the left and right edges. Using dimensional adhesive, adhere the scallop circle to the center of the mini triangle piece and slightly overlapping the two smaller circles.
- 7 Locate the green diamond paper in the 6x6 paper pad. Using the PMU exclusive cutting file, electronically die cut three hearts from the Arrow Stripes and green diamond patterned papers. Arrange the hearts across the circles, as desired, and adhere.
- 8 Locate the butterfly sticker and the "love being with you" sentiment sticker from the chipboard sticker sheet. Attach the butterfly to the bottom, left portion of the middle heart, using dimensional adhesive.
- 9 Attach the sentiment sticker to the right of the butterfly sticker.
- 10 Embellish the center of the butterfly with two small green adhesive pearls.

cutting files

NOTE: cutting files are provided in .silhouette, .svg and .dxf formats and work with most leading electronic die cutters (Silhouette, Boss Kut, Cricuit Explorer, Pazzle, etc.) that can open these file formats. If you do not have an electronic die cutter, you can print this page and hand-cut the shapes with a craft knife or small scissors.
